Death of Ex-Mayor Porter Ends Career of Service to City

Chief Magistrate Who Guided Victoria Through Years of Financial Stress Succumbed To-day After Brief Illness; Was Notable Figure In Civic Affairs.

Ex-Mayor Robert John Porter passed away this morning at St. Joseph's Hospital, after an illness of two weeks' duration.

Weakened by his long illness last year, he was unable to make a fight against pneumonia. Since Friday it has been known that his position was critical, and though he rallied somewhat Saturday, the end came at an early hour to-day.

The announcement was received with universal regret throughout this city, where he spent his whole life, and where on so many occasions the electors had expressed their confidence in his sound judgment and kindliness of heart. The funeral, which has been set for next Wednesday, will be largely attended. The family requests that no flowers should be sent.

A Native Son.

Robert John Porter was born here fifty-five years ago, the son of the late Robert Porter, a pioneer citizen who came from England in colonial days. Mr. Porter, senior, established the farm at Burnside and later the firm of Porter & Sons, provision merchants.

R. J. Porter, who was educated locally, spent his early years in his father's business. He gave his spare hours to hunting and fishing, in which he was an adept. No one in Victoria perhaps knew so much about the beautiful countryside adjacent to this city. The information Mr. Porter acquired in those early days continued to be a fund upon which to draw when he entered public life, when he was able to do something towards game conservation.

His Public Career.

The late Mr. Porter entered the City Council in 1912 for Ward V., having the late Alderman Dilworth as his colleague. From that date Mr. Porter gradually developed in municipal affairs, and had won so large a measure of popularity in twelve months that he was returned twelve months later at the head of the poll in the first aldermanic election at large, continuing to hold that enviable record at every election until he contested the Mayoralty against Alderman A. E. Todd in 1917.

Mr. Porter considered the completion of Sooke Waterworks the most essential question before the citizens of Victoria, and when there were attempts to delay, and the incidents arose which culminated in the city taking over the contract from the contractors, he spoke out strongly for the completion of the work by direct labor. He was the most assiduous visitor to the work on the ground after the city undertook the completion, and was able from first hand information to give the council the benefit of his advice in the many discussions during 1913 and 1914. Thus in the mayoralty of Alexander Stewart, in May, 1915, Mr. Porter was one of the aldermanic party who witnessed the fulfilment of the great $2,500,000 undertaking by the turning on of the water at the headworks at Sooke Lake.

During those years the late ex-Mayor rendered splendid service to the city as chairman of the Streets Committee of the Council. He knew just how far the duties of a chairman should go without interfering with the engineering department. Mr. Rust, when City Engineer, after long experience with chairmen of works committee, here and elsewhere, considered him one of the best occupants of that office he had known in a lifetime. Perhaps the heaviest work which fell on the chairman at that time was during the blizzard of February 1, 1916, when Mr. Porter staying night and day at the City Hall, directing operations to clear the streets. During his chairmanship the Northwest sewer was installed.

When the time came for Mayor Stewart to retire, it was naturally expected that Mr. Porter would follow him as Mayor. A sharp election

ATTEMPTS MADE TO WRECK TRAINS

Criminal Deeds in Eastern Canada Reported

Engineer on Saturday Saved His Passengers

Quebec, April 24.—The Canadian National Railway authorities have been advised that criminal attempts have been made lately to wreck trains on their lines, particularly on the old Lake St. John Railway between Quebec and Chicoutimi.

Saturday, as the Chicoutimi express was nearly St. Raymond and running on a sharp curve where the embankment is very high, the engineer stopped the train with such abruptness that the passengers were thrown out of their seats. An investigation showed that the locomotive had struck a pile of rails packed on the track and evidently placed there with the intention of wrecking the train.

HOTELMEN PASS MOTION ON CLOSING

Fear Sunday Observance Will Add to Difficulties

The hotelmen of Victoria, stating that they are vitally affected by the operation of the Lord's Day Act during the past two Sundays, have met and passed a motion on the subject to be forwarded to the Police Commission.

This motion has been adopted, together with a statement made to The Times in connection with it. The statement is as follows: "The very marked depression in our business during the past six months will be greatly aggravated if the tourist travel during the Summer months, in which we hope to make up some of our losses, is diverted from Victoria over the week ends. In this connection we may mention that we have been advised by travelers that our neighboring cities (our competitors for the tourist business) are already knocking Victoria."

The Resolution.

To His Worship, the Mayor and Police Commissioners:

"Gentlemen:—At a meeting of the Hotelkeepers' Association of this City held on April 21, the recent decision of the Police Commissioners to enforce the "Lord's Day Act" was discussed at length, and the following resolution was unanimously adopted:

"That because of the general depression, some of our hotels have recently been forced out of business, and all hotels are experiencing great difficulty in operating at the present time, and we view with alarm the effect the rigid enforcement of this Act will have upon our business.

"The hotels represent the largest investment and industry in the City of Victoria. Since the war ended, with limited business and excessive taxes, together with high operating expenses, they have suffered more than any other industry. One hotel recently was forced to close its doors, and the outlook is far from encouraging for those in business.

Essentially Tourist City.

"Victoria is essentially a tourist city, and the operation of the hotels is interfered with by curtailing the rightful or general privileges of hotel guests and patrons, more hotels will be forced to failure. Nothing indicates more forcibly the standing of any city than the prosperity and efficiency of its hotels. We earnestly ask you to co-operate with us towards maintaining that high standard of efficiency the hotels of Victoria are noted for.

"Our monetary returns from selling cigars and similar lines are extremely small, as that department is operated entirely for the accommodation of the travelling public (and frequently at a loss). Unless we can provide our visitors with what they require and are accustomed to getting elsewhere, they will pass by Victoria on Sundays, and we will injure our greatest asset and gradually drive away a potential volume of the tourist business from our City—a trade we have been striving to secure for a number of years at a great expense. The loss of such trade will not only affect the hotels, but seriously affect other lines of business in the City.

Restore Conditions.

"We would therefore pray that your honorable body will take into serious consideration the number of hotels affected by the enforcement of the 'Lord's Day Act,' and that you will restore the conditions in vogue on Sundays as they were previous to the recent enforcement of that Act."

Victoria Hotelkeepers' Association.
(Signed) E. J. Martin, Hotel Strathcona, President; Thomas Stevenson, Dominion Hotel, Secretary.

WALKED FAR WITH SHOTS IN LEG

Montreal, April 24. — With over fifty shots from a shotgun in his leg, Leopold Poulu, 51, of Bruzelles Park, last night walked three miles to Longue Point and reported to the police that he had been shot by Demitre Lazare while attempting to prevent the latter from beating his wife. Lazare is under arrest on a charge of attempted murder.

NOTED VICTORIAN PASSES; FORMER MAYOR R. J. PORTER

B.C. Government-Aided Industries Employ 900; Trade Shows Betterment

Sixty-six industries, employing between 800 and 900 persons, are now in operation in this Province under loans granted by the British Columbia Government to found and stimulate industries here, according to the report of the Department of Industries for the last year made public here to-day by Major Don. B. Martyn, Deputy Minister, in the absence of the Hon. John Hart, Minister.

The report is made by Premier Oliver as he was Minister of Industries during the period covered by the report.

To establish these industries the Government has loaned them $1,108,658. Six of the industries thus established have got along so well that they have repaid the whole of their loans.

Some, however, which are pioneering new industrial fields, are behind in their payments to this extent: Principal, $73,498; interest, $22,100.

These delinquencies are attributed to the fact that very few industries, even those long established, in the whole of Canada operated at a profit last year.

Total sales of the British Columbia Government-assisted industries during 1921 amounted to $1,560,584, which sum represents the value of goods which otherwise would have been brought into this Province from outside and for which an equal amount of money would have been sent out of the Province.

So far more than 1,000 applications have been made to the department for loans on which to establish industries, but the advisory board consisting of Major Martyn, Major Burde, M. P. P., G. F. Dawson, Joshua Kingham, James H. McVety, J. E. W. Thompson and Nicol Thompson recommended only 76 of these for loans. Ten of these after being recommended were not able to comply with conditions laid down by the board.

Worst of Depression Past.

Major Martyn explains that because of the general industrial depression the Board has curtailed the granting of further financial assistance.

"The opinion was that the time was not opportune to establish new enterprises when assisted ones were experiencing difficulty in obtaining orders," he says.

Extensions of time for repayment were granted in all undertakings where persons connected with the business were showing a determined effort to develop fairly their enterprise without seriously impairing the security held by the department.

"During 1921 the basic industries—lumbering, mining, fishing, pulp and paper—have experienced a period of depression never before so generally known in the Province," Major Martyn says.

"But the low mark of activity was reached in August. Since that time a steady improvement has taken place. Recovery of business conditions no doubt will be very gradual, but the present favorable upward tendency of the shingle and lumbering industries is creating a favorable reaction in other lines.

Basic Industries Improving.

"Lumbering being the chief industry of the Province, continued orders will make for a general improvement.

"The large pack carried by the canneries in B. C. made it impossible for the packers to operate extensively

(Conclude don page 16.)

READY TO FORCE GERMANY TO PAY

France Prepared to Act Alone, Says Poincare

Co-operation of Allies Desired to Prevent Default

Bar de Luc, France, April 24.—France, if necessary, will undertake alone to see that the Versailles Treaty is executed, if the Germans default in their reparation payments, Premier Poincare intimated in an important speech before the general council of the Department of the Meuse here to-day.

May 31, when the Germans must either accept the conditions laid down by the Reparations Commission or default in their payment, would be an important date for France, said the Premier. It would be France's duty, he said, in full importance to assume the duty of maintaining the integrity of the treaty.

"All we have ever asked and all we ask to-day is the execution of the treaty," said the Premier, "and that we must have and will have. The peace of Europe depends upon it. Our future and our national prosperity depend upon it.

Perseverance.

"It is not by hasty action or by decisions without reflection that we shall obtain it. It is by persevering and methodical action. But it must be done."

The Premier declared he earnestly hoped for the co-operation of the Allies in case Germany defaulted, "but according to the terms of the treaty," he added, "each may, in case of need, take, respectively, such measures as are deemed necessary and we shall not suffer it that our unfortunate country succumb under the burden of reparations, alongside of a Germany that does not consent to make the necessary effort to discharge her debts.

"We will defend in full independence the French cause, and we will not abandon any arms the treaty gives us."

CHILD LOST LIFE.

Montreal, April 24.—Swinging on the oven door, the five-year-old son of A. Bissonette, of River Baudette, overturned a pot of boiling water over himself and died from scalds to-day.

DECLARES P.G.E. REPORT UNFOUNDED

Hinton Not Condemning Prince George Line

Talked to Reporter About Cedar Creek

Prince George, April 24.—W. P. Hinton, one-time vice-president and general manager of the Grand Trunk Pacific Railway, is out with a flat contradiction of the story from Calgary in which he was credited with having advised Premier Oliver to abandon the P.G.E. grade from Quesnel to Prince George in favor of an extension of the line into the Cedar Creek district or the building of a more westerly line to connect with the Grand Trunk Pacific at Vanderhoof.

As soon as the Calgary story was released Mayor Johnston kept the wires hot trying to locate Mr. Hinton, as the tenor of the report was quite contradictory to the impressions received by the Mayor from Mr. Hinton personally.

Correction

Mr. Hinton did not wait for Mayor Johnston's wire to catch up with him but immediately set about correcting the Calgary story, which he says is entirely misleading. While in Calgary Mr. Hinton says he firmly refused to discuss the nature of his report to Premier Oliver on P.G.E matters. Following his refusal to a representative of The Calgary Herald the conversation drifted into a discussion of the Cedar Creek district and the central interior of the province.

The development of the country was discussed, and in the course of a talk Mr. Hinton expressed the opinion that nothing great in the way of development could be expected unless transportation facilities were provided. This, it was suggested could easily be done by extending the P.G.E. system east and west from Quesnel, with good prospects for traffic.

Grade

This discussion, however, was quite aside from Mr. Hinton's report. Dealing with the suggested abandonment of a virtually complete railway grade from Quesnel to Prince George, Mr Hinton says:

"I might say there is nothing in my report criticizing the completion of the line to Prince George; in fact quite the contray is true, as developments will show."

Premier Gives Denial.

Premier Oliver to-day gave out a statement carrying a denial of the Calgary story appearing in a Vancouver evening newspaper on April 17, presenting the interview with W P. Hinton.

Mr. Hinton has sent the Premier a statement denying the statements in this newspaper report and also denying that he in any way discussed the subject matter of his report to the B.C. Government at this interview.

INQUIRY FOLLOWS LOS ANGELES RAID

Man Was Killed; Mob Numbered Over 200

Home Invaded, Girls Insulted and Men Threatened

Los Angeles, April 24.—"The fullest investigation," which county officials promised would be made of the raid at Englewood, a suburb, early yesterday morning, when one man was killed and two wounded, one possibly fatally, was expected to centre about an inquest over the body of the dead man either to-day or to-morrow.

While members of the staffs of the district attorney, the sheriff and the coroner, combining forces for the investigation, declared they were convinced the raid upon the residence of Mathias and Fidel Elduayen was "the work of a well organized band," W. S. Coburn, Los Angeles attorney, and Grand Goblin of the Pacific Domain of the Knights of the Ku Klux Klan, told newspapermen in answer to questions that if any members of that organization had participated they had done so without official sanction.

Threats.

The dead and injured men, all peace officers, were declared by Eugene Biscaluz, under sheriff, to have been members of the masked and armed band, estimated at from 200 to 250, which raided the Elduayen home because of the reported belief that the Elduayen brothers were

FIFTY-ONE-YEAR HORSE WILL BE SHOWN AT BAZAAR

Catawisha, Pa., April 24.—Clover, said to be the oldest horse that ever lived, is to be exhibited at the Fashion and Beauty Bazaar to be held in Madison Square Garden from May 8 to 13, his owner, Dr. U. Myers, said today. Dr. Myers says Clover is 51 years old, and his statements are borne out by prominent veterinarians who recently examined the famous old animal. The horse was bred in Kentucky, and has been owned by Dr. Myers for 35 years. For five years he was on the racetrack, and was said to have a record of 2.17.

IRISH FREE STATE HAS BIG STRIKE

Region Cut Off From Outside World

Only Army Wireless Messages Are Sent

London, April 24.—The Irish Free State was cut off to-day from the outside world, and even from Ulster, as a result of the great twenty-four-hour general strike of Labor against militarism in Ireland. The telegraphic and telephonic communication had ceased and all means of transportation were halted. One wireless set was working between military headquarters in Ulster and the Dublin headquarters and since this was reported to be carrying only routine messages, it was assumed in Ulster that nothing untoward was happening among her neighbors to the South.

Between London and Dublin there were no means of communication whatever.

A London dispatch yesterday said it was reported from Dublin to The Westminster Gazette that an agreement had been reached between the military leaders of the Republican and Free State forces in Ireland which would constitute the basis for peaceful arrangements in connection with the future policy of both sides and profoundly influence events in Southern Ireland for the better.

The correspondent claimed authority for the announcement and said he understood that, in consequence of the agreement arrived at, hostilities between the rival forces were to cease, although the political issue between the two parties was not affected.

The decision, it was added, followed negotiations between the respective leaders, who had been deeply influenced by the fratricidal character of the struggle, as well as by consideration of the effects upon the national situation.

G. R. PATTULLO DEAD AT ONTARIO HOME

Father of B. C. Minister and of Noted Magazine Writer

Woodstock, Ont., April 24.—George R. Pattullo, Registrar of Oxford County and father of Hon. T. D. Pattullo, Minister of Lands in the British Columbia Cabinet, and George Pattullo, the magazine writer, died here last night. He was born in 1845 in Peel County.

The late Mr. Pattullo was editor and proprietor of the Woodstock-Sentinel from 1870 to 1886, when he retired from newspaper work and accepted the Government appointment. In 1879 he was an unsuccessful Liberal candidate in North Oxford for the House of Commons. He was secretary and for several years general agent of the Liberal party in Ontario.

Among noteworthy elective offices he held are: president Oxford Historical Society, president Ontario Provincial Historical Society, first secretary of Queen Victoria Niagara Falls Park Commission, president Canadian Press Association, president North Oxford Agricultural Society, president Oxford Veterans' Association. He was commissioner for the Province of Ontario in disputed territory prior to the settlement of the Boundary Award.

The Hon. T. D. Pattullo, of Victoria, has been visiting his father, and is still in the East.

MENNONITES NOW RETURN TO CANADA

Found the Climate of Mexico Too Warm

Regina, April 24.—A special dispatch to The Morning Leader from Boston says:

"The Mennonites who left their homes in Canada and who have been building new homes on 2,000,000 acres purchased in the State of Chihuahua, Mexico, will be forced to abandon their new settlement because of the intense southern climate and return whence they came, according to advices received here to-day.

"The initial start on the return north will commence this coming week."

Not Surprised.

Ottawa, April 24. — (Canadian Press)—No surprise was expressed when the dispatch was called to the attention of the immigration authorities here. Official word has not yet been received of the return movement, but it is quite in accord with what was expected. It was not thought that the Mennonites would like conditions in Mexico when they got to know them.

The movement as a whole, it was said, was not so large as had been generally supposed. In all, it was said, less than 500 settlers left the Canadian prairies for Mexico. As the Mennonite families are large, it was pointed out, this would not mean the departure of many families.

French Accept New Pact Proposal, But Desire Guarantees

Supported By Assurances, Paris Delegates Prepared to Join Understanding to Prevent Aggression; Genoa Conference Continues Task.

Genoa, April 24.—The French delegation announced to-day that it was willing to subscribe to the proposed agreement under which the various nations would agree to abstain from aggression, provided it was backed by proper guarantees, considered especially necessary in view of the Russo-German treaty.

Genoa, April 24.—Once more to-day the gyrating Genoa Conference, which has been alternating between fears and hopes and punctuated by political crises which threatened to destroy it altogether, set itself grimly to the task of readjusting the economic life of Europe.

The announcement by the German delegates late last night that they would not reply to the Allies' second note because they did not wish to endanger the success of the conference, was received everywhere with frankly uttered words of relief, for almost everybody was beginning to despair secretly if the conference would end in economic accomplishments. In all quarters today were heard words of praise for the patient efforts of the Italian leaders to re-establish harmony so that the conference might concentrate on the constructive problems for which it was organized.

Six sub-commissions were scheduled to meet to-day and the committee of experts on the Russian question made plans to take up seriatim the report on the reconstruction of Russia prepared by the Allied experts who met in London. This report concerns not only the question of the handling of Russia's debts, but also matters vital to foreigners in their relations with Russia, bearing on the legal protection they are to have in their dealings in Russia.

Memorandum.

The Soviet delegation has overthrown for the moment its noted memorandum, issued as an answer to the experts, because it is in contradiction with the later Russian note accepting the Allies' terms as a basis of discussion. Russian spokesmen explained that the memorandum, which the powers found unpalatable, merely voiced the opinions of the Soviet delegates at the first stage of the negotiations, whereas now they had decided to modify their earlier opinions. They were careful, however, to make the reservation that this modification was contingent on the successful outcome of the present pour parlers, but the conference has produced so many shocks and sensations that mere phrases no longer are causing the panic which they did at the outset of the deliberations.

VESSEL LOST IN LAKE SUPERIOR

Believed Number of Men Lost Their Lives

SS. Lambton Was Canadian Lighthouse Tender

Sault Ste. Marie, Mich., April 24.—The steamer Lambton, of the Canadian lighthouse service, carrying a crew of about seventeen men, is believed to have sunk southeast of Michipicoten Island, in Lake Superior, during the storm of last week.

To Islands.

The Lambton, carrying lighthouse keepers and supplies for Michipicoten and Caribou Islands, left here last Tuesday morning. Nothing had been heard of her here since, and the lights on the two islands have not been lighted. Wreckage was sighted about twenty-five miles southeast of Michipicoten Island by the steamships Collingwood and Valcartier, which passed through the locks here last night.

A pilot house similar to that of the Lambton was seen floating, but no name was seen. The exact number aboard the craft is not known. She was in command of Alex. A. Brown, of Orillia, Ont.

GREEK TROOPS IN ASIA MINOR MOVING SOUTH

Constantinople, April 24. — The capture of Sokia and Scalanova, about forty miles south of Smyrna, Asia Minor, by Greek troops was confirmed in a Turkish Nationalist communique received here to-day. The Greek army has begun its advance southward. The Turks are rushing up troops in great numbers and heavy fighting is reported in the Italian zone.

WAR MEMORIALS TO BE UNVEILED

Winnipeg, April 24. — Sir James Aikins, Lieutenant-Governor of Manitoba, will unveil a bronze statue here next Friday afternoon, erected in front of the Canadian Pacific Railway depot, in memory of Canadian Pacific employees who died in the war. Simultaneously statues will be unveiled in Montreal and Vancouver. The Governor-General will officiate at the Eastern ceremony.

TARANTULA PERCHED BUT DID NOT BITE

Local Fruit Agent Had Narrow Escape

C. J. Marsh, a fruiterer at the corner of Douglas Street and Johnson Street, probably owes his life to the fact that the weather yesterday remained cold, and also in some measure to his presence of mind. While in the act of taking a banana from a cluster of that fruit yesterday morning Marsh beheld a full grown tarantula bridged across three fingers on his right hand. The tarantula was shaken off and captured, and is now reposing in a glass bottle in the hands of its captor.

The tarantula, a large venomous spider, which came in the bananas from Mexico, was secreted in the cluster and apparently quite sluggish with the cold.

The tarantula is being exhibited at the premises of its captor. It is about two inches across its body, with a range of five inches from the extremities of its legs. It is a black, somewhat octopus like object, with short dark brown or black ha-

CRISIS AVERTED AT CONFERENCE

No Reply From Germany to Ten Powers

Nations May Declare New Treaty Terms Void

Genoa, April 24.—Another crisis in the Economic Conference was passed last night when the German delegation announced that Germany would not reply to the note of the ten powers to-day, stipulating that the signatories "expressly reserve for their Governments the right to declare null and void any clause in the Russo-German Treaty which may be recognized as contrary to existing treaties."

The Germans also decided to settle by private negotiations the differences between M. Barthou, head of the French delegation, and the German Chancellor, Dr. Wirth, which arose through M. Barthou's written charge that the Germans had made untruthful statements.

Premier Facta and Foreign Minister Schanzer, of the Italian delegation, are believed to have been responsible for this peaceful settlement of what they said threatened to be a hopeless barrier to real progress in the conference on economic and financial work.

To Proceed.

A member of the German delegation said that the Allies had in to-day's not to satisfy the French, and that the Germans had decided they would not encourage a battle of notes, but would remain silent and let the conference proceed with its useful work in the hope that the economic situation in Europe might be bettered.

Both Germany and Russia were very unwilling to concede the right of the powers signatory to the Versailles Treaty to limit the treaty-making powers of Russia and Germany and for a time Premier Lloyd George and Signor Facta were confronted by a serious situation.

Premier Bratiano of Roumania, speaking for the Little Entente, presented the text of the note to Germany to the meeting of the powers. He urged the necessity for solidarity among the nations which had established peace but strongly advised that the Allies, who insisted upon

FIRE AT HOME.

Shortly before eight o'clock this morning fire broke out at the Children's Aid Home, 919 Vancouver Street, where the roof caught fire. The fire department executed a fast run to the scene of the conflagration, and had the flames under control in a few moments. The roof was a little scarred, but not otherwise damaged.

MAIL RECEIVED.

A small consignment of English mail and papers was received at the Post Office this morning. The papers were sorted early, and are for sale at the various newstands this afternoon.

CANADA FLOATS LOAN IN STATES

Morgan and Company Offer $100,000,000 Issue

Proceeds Needed to Refund Canada's Debt

New York, April 24.—J. P. Morgan & Company announced late to-day that it would offer to-morrow a $100,000,000 Government loan for the Dominion of Canada.

The bonds will bear five per cent. interest and will run for a period of thirty years, the Canadian Government reserving the right to recall them in twenty years. They will be offered at par and interest.

The proceeds will be used by the Canadian Government to refund the existing debt of Canada.

PROPOSE SERVICE AS FAR AS SOOKE

Local Sightseeing Concern Makes Proposal to C. N. R.

An offer to put on a twice-daily service between Victoria and Sooke with two twenty-five passenger sight-seeing cars and trailers for freight, has been made by Cameron & Calwell, according to a communication from that firm read at to-day's meeting of the Chamber of Commerce directors.

The letter, which was addressed to W. A. Jameson as chairman of the C. N. R. Sooke Train Service committee, contains the following offer: "We will put into service between Victoria and Sooke over the Canadian National Railway tracks, a twice-daily service each way with a twenty-five passenger sight-seeing car with trailer for freight if we are given simply the right to operate over the tracks." The right is to be exclusive and subject to cancellation at the pleasure of the C. N. R. management. The firm has the cars available and all that is required is to change over to flanged wheels.

The offer will be telegraphed immediately to the proper authorities. A strong agitation has been under way for some time by Victoria and Sooke to get some kind of a service over the C. N. R. road and the Chamber of Commerce has been working hard and exercising all the influence possible to get a service started.

An invitation was extended to the Victoria Chamber of Commerce to send delegates to the Pacific Northwest Tourist Association meeting in Tacoma Saturday, and chairman A. E. Todd, President J. H. Beatty, of the Chamber of Commerce, and Geo. I. Warren will be among those who will attend.

CLAIMS BOYS WERE THROWN FROM RIG

In the County Court to-day before His Honor Judge Lampman, the action of Gurbakash Singh, Gurblajan Singh and Inder Singh versus Arthur and E. Harris was commenced. The suit is one for damages arising out of a collision between a car driven by one of the defendants with a buggy in which rode Gurbakash and Gurbiajan Singh, the two sons of Inder Singh.

D. S. Tait, for the plaintiffs, in outlining the case to His Honor this morning, stated that the defendants' car, on Quadra Street, in November last, crossed out to the middle of the road to pass a car driven by Fred M. McGregor. In this act the car of the defendant, stated counsel, crashed into the buggy driven by the two boys and upset the whole affair. The boys, alleged counsel, were thrown out on their heads, sustaining minor cases of concussion. Milk carried in the cart was spilled and rendered useless, while the car of the defendant, it is alleged, climbed the sidewalk, crossed the bouleward and finally stopped against a stone wall. The wall, continued Mr. Tait, was partially demolished. The plaintiffs are seeking damages in the sum of $509 for the injuries received and damage to equipment, stated counsel.

P. J. Sinnot appears for the defendants. The action is continuing.

A FAST DRIVER

A fine of $100, with the option of going to jail for one month in default of payment, was meted out to Lawrence Balcom in the city police court to-day on conviction on a charge of driving to the common danger. The evidence for the prosecution was given by Constable Palmer, who stated that he followed the accused at forty-eight miles an hour but could not overtake him until the engine of the accused's car gave trouble. Accused, stated the constable, stated to him that he would not have been caught but for the fact that the throttle jammed.

BEAUTY OF THE SKIN

is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample free if you mention this paper.

DOMINION STATUS, NOT SEPARATION, INDIA'S DEMAND

There will be no upheaval in India provided the present system of government, created under the famous Montagu-Chelmsford report, is allowed to develop along the lines originally intended. The great mass of Indians, in fact, desire nothing more than the status of a self-governing dominion like Canada and are rapidly settling down after the arrest of Mahatma Gahndi, the brilliant leader of the non-co-operation movement.

Such is the opinion of B. P. Wadia, one of the foremost leaders of the constitutional party in India who arrived in Victoria to-day after attending meetings of the League of Nations Assembly in Geneva. "The political programme of Mahatma Gahndi, who is a brilliant, indeed a saintly man, has failed," declared Mr. Wadia, a tall, strikingly handsome man who speaks English with the ease and eloquence of a cultured Britisher. Gahndi said he would have home rule by last October, and later moved this date on to January of this year, but home rule has not arrived. He has been arrested, tried by the process of law and imprisoned. And yet things go on as before. He has produced a great moral effect in the minds of the people but his political programme undoubtedly has failed. These facts are bound to weaken his whole movement. Indeed, conditions in India are becoming much more settled now—particularly as there is no one to take Gahandi's place.

Mr. Wadia declared that erroneous impressions concerning conditions in India had been created in the United States by trained propagandists of the revolutionary party. It was mainly for the purpose of counteracting this propaganda that Shastri, India's greatest political leader, would tour this continent soon, he explained.

IN SUPREME COURT.

The hearing of Scrace versus the City of Victoria continued in the Supreme Court to-day before Mr. Justice Gregory. The hearing reopened with the cross-examination of Mr. Aldous as to the course of the Bowker Creek water shed. H. B. Robertson, K. C., appeared with H. S. Pringle for the City, while S. T. Hankey is acting for the plaintiff, Mrs. Elizabeth Scrace. The action deals with the flooding of the Scrace home. John Irvine, foreman of works for the Saanich municipality was produced by the plaintiff to-day for cross-examination, on the records of his department in relation to the flooding of Bowker Creek. The case is a test one, to decide whether or not the city is liable for damage resulting from over flow of the water body in question. The action is continuing this afternoon, when technical evidence is to be examined.

HIGH METAL FINDS MAY FOLLOW GOLD

Even if no one were to get any gold up there, the present rush of prospectors to the Cedar Creek and Cariboo fields is one of the best things that has happened to this country, Stuart Henderson, lawyer and former member of the B. C. Legislature, and now a mining man, informed the Department of Mines to-day.

Mr. Henderson said that if the men at work up there should have no luck in finding gold they will drift off looking for something else and a number of them will take up prospecting for metals. But if these metal deposits were proved, there will be developed in that district an industry more permanent than any gold rush.

Galena, some of the richest known, yielding $150 a ton and a lot more that yields $80 and up, is to be blocked off there by prospectors who will go after it, Mr. Henderson reported.

"Between Mahood and Cariboo Lakes there is a ridge 60 miles long and that ridge is just as rich as anything in the Kootenay country, if not better," he said.

Death Seals Lips of Importer's Carpenter

Postmortem on Hugh MacGill Does Not Satisfy Doctors, Who Will Examine Remains Under Microscope.

Death at ten o'clock on Sunday night put an end to the mysterious career of Hugh MacGill, late ship's carpenter of the ill-fated C. G. M. M. freighter Canadian Importer. MacGill passed at the St. Joseph Hospital after sinking gradually.

MacGill occasioned a sensation early last month when he was discovered in hospital at the expense of the Federal Department of Marine, when he stated to The Times that he could throw light on the accident to the Canadian Importer. Whatever the man knew, it has gone with him to the grave, for MacGill as far as can be ascertained has made no ante-mortem statement as to the escape from foundering of the Government freighter, of which he was one of the crew.

MacGill was interviewed in hospital on March 2. He was sought when proceedings were in progress in connection with the inquiry into the damage to the Canadian Importer.

Mystery surrounded MacGill from September until date. He did not appear to be suffering, some medical authorities reported that he had no ailment six weeks ago, yet he was detained in hospital.

MacGill was visited periodically by friends. He began to sink rapidly some time ago, and within the last two weeks the hospital authorities called in a local doctor to consult on the case.

MacGill possessed, or thought he possessed, information about the mishap to the Canadian Importer that made him anxious to testify at an inquiry, if the matter should be opened again.

MacGill died from natural causes, states one of the two doctors who held a post mortem on the body to-day, but mystery still clings to the career of the man, for the medical authorities who conducted the post mortem are investigating further, and it is understood that microscopical examination of the remains is to be made. It is understood that the death certificate has been held up pending further examination under the microscope.

SERVICE CELEBRATES ST. GEORGE'S DAY

Royal Society St. George to Hold Banquet

St. George's Day was celebrated by the Royal Society of St. George with a public patriotic service last evening at the Metropolitan Methodist Church, commencing at 8.45. Dean Quainton, the President of the local society, took the chair, and Rev. Dr. Saunby spoke. Rev. Dr. W. J. Sipprell and Rev. S. Cook assisted in the service. A collection was taken up in aid of the funds of the Amputations Association, amounting to $79.89.

To-morrow evening the third annual banquet of the society will take place at the Conservative clubrooms commencing at 6.30.

The toast list will be as follows:

"The Army and Navy," responded to by Admiral Sir Edmund Pears, for the Navy, and Canon Hinchliffe, for the Army.

"Canada," responded to by Mr. Lindley Crease.

"The Day We Celebrate," responded to by Mr. K. Symonds.

"To the Ladies," proposed by Mr. C. T. Cross and responded to by Mrs. T. K. Loach.

The following will contribute to the entertainment programme: Vocal solos, Miss D. Moore, Mr. Moss and Mr. Simpson, and recitations by Miss C. Powell. Messrs. H. C. Davis and Harry Charlesworth will act as accompanists.

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

TELLS GYROS OF FIRST GAS ATTACK

Major Goodeve Describes the Second Battle of Ypres, Seven Years Ago

Contrary to general belief, the Canadians did not get gas until April 24 1915, in that memorable battle in the Ypres Salient, according to Major L. C. Goodeve, Senior Staff Officer M.D XL, during the course of an address to the Gyro Club at its luncheon to-day.

The Gyro Club commemorated the first important engagement of the Canadian Corps in the Great War to-day and secured Major Goodeve who commanded the First Battery C.F.A., during the attack to speak on it.

The speaker gave a description of the Ypres Salient. It comprised about thirty-two square miles. The front line was held by three different troops, the British holding 62 per cent. the French 25 per cent. and the Canadians 13 per cent. The Canadians were in the centre, having one division in the line, which included 20,000 men, but only about 3,600 were in the front line at the time.

Major Goodeve also disputed the reports which said that there was abnormal artillery fire on the front prior to the gas attack. Scouts had reported strange looking tubes protruding from the front line, but no notice was taken of these. About five o'clock in the afternoon the aircraft reported the appearance of the gas cloud, sweeping toward the French front.

Hand to Hand Fight.

What followed it was hard to describe, declared Major Goodeve. Inside of one hour the French troops were all gone, and they had lost all their guns, fifty in number. The 13th, 15th, 8th and 5th Canadian battalions were in the line, with the 14th and 7th in support and the 10th and 16th back at Ypres, five miles in the rear. By dusk that night the 13th, which had been on the flank of the French, was still holding, but there was a gap of 7,000 yards and they extended their flank. The 16th and 10th were rushed up and made a most gallant fight right across the gap and during the night made an attack through a Kitchener Wood, where a real old-fashioned hand-to-hand battle ensued. There was practically no artillery fire, the major said, owing to the fact that neither side knew just exactly where their troops were.

Major Goodeve paid tribute to the great work of the British troops, which made a gallant effort to fill the gap, and also to the French troops, who, despite the absence of their artillery, made a great counter-attack and made some progress.

Seven Years Ago.

It was on the morning of April 24, seven years ago to-day, that the Canadians had their first encounter with the gas, and they lost St. Julien. The Durhams and Hampshires did some splendid fighting, and helped to relieve the pressure and by nightfall the danger was past. General Foch rushed in some very staid troops, and the line was again filled.

Major Goodeve pointed out that the Canadians had done a wonderful thing and quoted Field-Marshal French's official reports, which gave the Colonials every credit, but he pointed out that the Canadians held but 13 per cent. of the line, and that the French and British troops did some heroic fighting.

The Gyros paid a silent tribute to the late ex-Mayor Robert J. Porter.

Robert Webb sang two solos for the club, including his old favorite, "Abe."

OBITUARY RECORD

Service was held Saturday afternoon at 2 o'clock at the Thomson Funeral Home, 1625 Quadra Street, for the late John Benzie Sinclair, infant son of Mr. and Mrs. J. B. Sinclair, of 1285 Balmoral Road, Rev. A. C. Smith conducted the service. The remains were laid to rest in Ross Bay Cemetery.

The funeral of Baby Deacon, the eight months' old daughter of Mr. and Mrs. David George Deacon, of 2316 Trent Street, took place Saturday afternoon from the B. C. Funeral Chapel at 2.30, service being conducted by the Rev. G. H. Andrews. Several friends were present. One hymn, "Safe in the Arms of Jesus," was sung. The remains were laid to rest in Ross Bay Cemetery.

EX-MAYOR'S TRIBUTE TO HIS OPPONENT IN TWO CONTESTS

Referring to the untimely death of ex-Mayor R. J. Porter this morning, Alderman A. E. Todd moved a resolution of condolence at the Chamber of Commerce directors' meeting, in which he paid high tribute to the late Mayor.

"Though we have differed in opinion and have contested for the Mayoralty, we never had an angry word. On every occasion that he ran for alderman he headed the polls. In his capacity as Mayor he possessed great capacity in all work transacted

EXPRESS REGRETS.

Regret was expressed to-day by the management of the Children's Aid Home at the sudden passing of the late Robert J. Porter. Ex-Mayor Porter was long identified with the work of that institution.

RHEUMATISM vs. T.R.C.'s

Lumbago, Neuritis, Sciatica

Rheumatism and similar troubles invariably yield to this T.R.C.'s (Templeton's Rheumatic Capsules) treatment. Many doctors and many hundreds of druggists from coast to coast will confirm this truth. The hundreds of testimonial letters in our files show that T.R.C.'s have successfully treated Rheumatism, Lumbago, Neuritis, Sciatica and acute Neuralgia of all kinds. But the best evidence is your own experience. If you suffer we want you to try this guaranteed non-injurious remedy at our expense. Druggists sell T.R.C.'s $1.00 per box. For free trial write T.R.C. Co., 55 Colborne St., Toronto.

Sold by Bowes, The Owl and Vancouver Drug Stores and the Fernwood Pharmacy.

On that momentous day Mackenzie mixed some vermilion with grease and painted the above inscription on a flat rock.

Alexander Mackenzie's First View of the Pacific,

Trees that were a hundred years old when Alexander Mackenzie first beheld the Pacific Ocean in 1793 are being felled to-day to build homes in British Columbia and the prairies, to shingle and trim homes in Eastern Canada.

Giant fir and spruce, stately cedars and hemlocks that take centuries to grow, are daily being fed to the saw to make lumber for building purposes.

And owners are feeding seventy-five per cent of their buildings to the destroying influences of sun, wind, rain and frost when a film of paint would preserve them for three or four times the service they give without paint.

Why not stop this waste and the drain on your pocket book—with paint and varnish?

TO-DAY it costs less to paint than it did. The cost of materials has led in the downward economic trend of manufactured products. But no matter what it costs, the fact remains that it always costs more not to paint than to paint. Rust and rot go on till you check them. The logical time to paint and varnish is NOW.

DOUGLAS FIR

SHARP DEBATE ON INDEMNITY BILL

Result of Recent Disorders in South Africa

London, April 24. — (Canadian Press Cable)—The indemnity bill arising out of the Rand revolution was read a second time in the House of Assembly of the South African Union on Saturday after a sitting lasting twenty hours, says a Reuter dispatch from Cape Town. Debate on the bill, which provides compensation for sufferers through the acts of the rebels, has occupied the public exclusively since April 10. The Opposition speeches were marked by some bitter attacks on Premier Smuts and the Chamber of Mines, as was the case when the bill was introduced.

The Minister of the Interior announced the appointment of a committee to investigate claims and make recommendations regarding compensation.

General Smuts, replying to attacks, delivered a fighting speech and said the commission appointed to investigate the recent strike was more necessary than ever before, owing to the mine owners' victory. There were dangers that the employers would refuse to take account of the voice of labor. The Government, he said, could not countenance tyranny on either side.

While welcoming the fullest inquiry by a commission, the Premier acknowledged that some irregularities were inevitable, such as those which the Opposition had exploited, though the findings of the preliminary inquiries contradicted the allegations.

Rejected.

The amendment introduced by General Hertzog, the Nationalist leader, to refer the indemnity question to a select committee to be named by the Minister of Justice was finally withdrawn while the amendment moved by Labor Leader Boydell, demanding the appointment of a commission of three judges to investigate the allegations of a revolutionary plot, was rejected on a vote of 65 to 47.

In connection with a decision made by General Secretary Crawford of the South African Federation of Trades Unions on April 19, that the South African Government had struck the Federation a blow by withdrawing its original offer to appoint representatives of the Federation and the Chamber of Mines on the Mining Industry Board that is to inquire into matters in relation to the strike, the Minister of Mines, Hon. F. S. Malone, is making a definite recommendation to the Mining Industry Board with the object of seeing that the evidence submitted is sifted in order to reach a fair representation of the facts.

AGED MAN, NEARLY BLIND, ENDS LIFE

Report of Lecture by Doyle Beside Body

Toronto, April 24.—Gas coming from a room in a lodging house here yesterday led to the discovery of Percy Brown, seventy-nine, dead in bed, while on a chair beside the bed lay a clipping from a newspaper containing a report of Sir Arthur Conan Doyle's lecture headed: "Death is beautiful and without any sense of pain." With the clipping was left a note which ran in part: "I am seventy-nine and blind, or very nearly so, and if this clipping is true, why should I linger here?"

Drowned Himself.

Montreal, April 24.—With five persons watching him, a man, so far unidentified, flung himself from the Victoria Bridge into the St. Lawrence River on Saturday and after swimming for some five or six minutes, disappeared from view. Attempts were made to aid him but a sufficiently long rope could not be procured in time. It is believed to have been a case of suicide.

DO YOUR BOWELS

MOVE REGULARLY, OR DO THEY

BECOME CONSTIPATED

There is no medium through which disease so often attacks the system as by allowing the bowels to become constipated, and there is no other trouble which flesh is heir to that is more liable to be neglected, because material inconvenience may not be felt, at once, from irregular action of the bowels. When there is not regular action the retention of the decayed and effete matter, with its poisonous gases, soon poisons the whole system by being absorbed into it, causing violent sick and bilious headaches, internal bleeding or protruding piles, heartburn, jaundice, etc.

MILBURN'S LAXA-LIVER PILLS

will regulate the flow of bile to act properly on the bowels, thus making them active and regular, and removing the constipation and all its allied troubles.

Mrs. Samuel Buckler, Tatamagouche, N. S., writes:—"For over a year I suffered with constipation. I took several different kinds of medicine, but could only get temporary relief. I was told to try Milburn's Laxa-Liver Pills. I procured two vials of them, but after I had taken one I found that I was relieved of my trouble. I do not hesitate to recommend Laxa-Liver Pills for any kind of constipation."

Price, 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Advt.)

PLAN TO GRADE DAIRY PRODUCE

Federal System Will Benefit Export Industry

Ottawa, April 24.—The Department of Agriculture and the Civil Service Commission are engaged in organizing the necessary staff to carry out a general system of grading dairy produce for export, according to the Provisions of the Dairy Product Act passed at the last session of Parliament.

Owing to unavoidable delays from one cause and another, it is stated, it has not been practicable to secure the appointment of a sufficient numbers of graders to establish a complete system of grading at the opening of the present session, as was expected, but the work will be proceeded with as rapidly as possible.

FIRE CHIEF TAKES PEEP INTO FUTURE

To Use Helicopters and Gas, Says New Yorker

New York, April 24.—Fifty years hence, in New York, fire engines mounted upon helicopters will hover over blazes and extinguish them with gases; alarms will be sounded by radio, and rescues will be made from airships.

This future means of fire fighting was predicted by Fire Chief John Kenlon, speaking at a dinner given in celebration of the thirty-fifth anniversary of his entry into the fire department.

Chief Kenlon first recalled the early days of his fire fighting career, when firemen had the championship of the noble horse and the fire dogs; when the fire fighting rivalry was so keen stern company champions sent their men to suburban outfits when they failed to get out of the fire house within twelve seconds after the sounding of an alarm.

The motorization of the department and other modern methods have taken away the sensationalism and the thrills of old, he added.

New World.

"Within, say the next fifty years," continued the Chief, "I can see New York a new world. Streets will be free from vehicular traffic, such streets as there are being devoted exclusively to the use of pedestrians and lined from curb to curb with moving sidewalks.

"Fire houses as we know them will disappear. They will be located on the roofs of buildings, and the engines, mounted upon helicopters, will extinguish the most stubborn blazes with newly discovered gases, harmless to human beings.

"Every building will be equipped with radio fire alarm systems, which will automatically react at the start of a fire. Airships will carry firemen and persons caught in burning buildings will be rescued from the air."

No Wires.

In keeping with these changes, he said, he could imagine homes and office buildings heated in Winter and cooled in Summer by electricity broadcast from enormous radio stations, and light and power projected through space, thereby doing away with all wire and cable systems.

BOYS AWAITING TRIAL ESCAPED; WERE CAPTURED

Vancouver, April 24.—Three boys who were awaiting trial in the juvenile court on a charge of petty theft escaped from the detention home Saturday and were re-arrested Sunday while attempting to cross to the United States side in a stolen automobile loaded with provisions stolen from a local grocery store. The boys are between fifteen and seventeen years old. With twenty other children they were arrested two days ago as members of a gang which is accused of about fifty burglaries of candy, fruit and grocery stores in Vancouver. They were led by a "queen" aged fifteen, who has made a full confession, it is understood, of the activities of the gang.

CELLULOSE COMPANY BEING REORGANIZED

London, April 24.—(Canadian Press Cable)—The British Cellulose Company is undergoing a sensational capital reorganization. The Government holds nearly £1,500,000 in preferred stock in the company. The failure of the company to achieve success is attributed to technical difficulties which, it is stated, have been overcome.

The capital of the British Cellulose Company has been all spent. It is proposed to write down 3,500,000 ordinary shares to 10 shillings a share and raise £500,000 debentures in the new company, which Dunn, Fisher & Company, are arranging.

The Government makes a free gift of 750,000 shares, worth about £300,000.

FACES TRIAL.

North Bay, Ont., April 24.—J. R. Coterer, who two weeks ago caused a local sensation by announcing that he had fallen heir to $500,000, the bequest of a deceased uncle of Lawrence, Mass., was Saturday committed for trial in the local police court on a charge of obtaining an automobile on false pretences.

NEW TRIAL.

Quebec, April 24.—The second trial of "Little George" Journasky, who was found guilty and sentenced to be hanged for the murder of Toter Kostinien at the assizes in the Spring of 1921, came to a close Saturday night but the jury could not agree upon a verdict. It is the intention of the officials to start a new trial to-morrow.

DISASTER STORY FROM MONASTIR WAS EXAGGERATED

London, April 24.—A Reuter dispatch from Athens says it has been learned from a Serbian official source that the disaster at Monastir was much exaggerated. The number of victims was not large and there was no question of foul play.

BROTHER OF QUEEN OF SPAIN DIED IN LONDON

London, April 24.—Lord Leopold Mountbatten, the youngest son of Princess Beatrice and the late Prince Henry of Battenburg and brother of Queen Victoria of Spain, died yesterday. Lord Mountbatten underwent an operation on Saturday and failed to rally. He was thirty-three years of age and served throughout the European war.

PICKTHALL FUNERAL SET FOR WEDNESDAY

Toronto, April 24.—The funeral of the late Marjorie L. O. Pickthall, the Canadian novelist and poetess, who died in Vancouver on Wednesday last, will be held on Wednesday afternoon. The remains are expected to arrive in this city Tuesday afternoon and on the following afternoon a service will be held in the Church of St. Mary's the Virgin, conducted by Rev. Canon Anthony Hart, who was a close personal friend of Miss Pickthall. Interment will be made in St. James's Cemetery.

It was first proposed to hold the funeral immediately on the arrival of the train from the West, but these arrangements were changed out of regard for the wishes of a great number of friends who desired to pay their last respects.

WOULD AMEND PENSION ACT

Quebec Member Wants Provision For Widowed Mothers

Ottawa, April 24. — Major C. G. Power, member for Quebec South, is renewing this session his efforts to get fuller provision for the widowed mothers of soldiers who died on active service. He has given notice of a resolution for the House to amend the Pension Act to provide that the pension of a widowed mother of a member of the forces who died on active service shall not be reduced on account of her income, and further that she shall have a right to a pension whether or not there are other children living. Under the existing law a widowed mother receives no pension if she is in receipt of an income regarded as sufficient or if she has children who are able to support her.

Major Power is also seeking to bring soldiers' mothers who have been deserted by their husbands under the benefits of the Pension Act. The resolution further provides that such pensions shall be at the same rate as those awarded to widowed mothers.

TWO MORE KILLED IN BELFAST CITY

Belfast, April 24.—A woman named Mrs. McCabe died Sunday from injuries received from a bomb thrown from the porch of St. Matthew's Roman Catholic Church in the Newtonards Road early in the evening. Constable Moriarty was gravely wounded by the explosion.

Possibly in reprisal for the church bombing, two men broke into a house in Beckfield Street and shot and killed a blind man named Miller and wounded another man.

Again there was considerable firing in the city. Two boys in the Yorkshire Street area were wounded and a man in the Old Lodge Road was hit by a bullet.

M.P.'S TO SEE PORT OF QUEBEC

Members West of the Great Lakes to Visit City

Quebec, April 24. — (Canadian Press)—Fifty rooms have been reserved at the Chateau Frontenac for the party of Western members of the House of Commons who will arrive here next Saturday, April 29, as guests of the Canadian Pacific Railway.

The Quebec Board of Trade and the Quebec Harbor Commission are organizing a reception and a banquet for the visitors at the Chateau. They also will be guests of the Canadian Pacific Railway at a luncheon on board the steamship Empress of Scotland.

ONTARIO NEGRO SOLD WATER FOR GIN; IMPRISONED

Hamilton, Ont., April 24.—Magistrate Jelfs on Saturday sent Charles Smith, colored, to jail for six months for selling a bottle of clear water as gin, the magistrate said it was one of the meanest tricks he had ever heard of.

AIRMAN KILLED IN ONTARIO

Grand Valley, Ont., April 24.—Capt. Hubert L. Holland, Toronto, attached to the Rockcliffe Aerodrome, Ottawa was killed, and a man named Owen was seriously injured when their aeroplane crashed Sunday in the takeoff from a field on the farm of George E. Gamble near Waldemar where they had previously been forced to land because of engine trouble.

Capt. Holland was an experienced aviator with an excellent war record. A widow and an infant son survive him.

WOULD EXPORT NO ELECTRICITY

M. P. Wants Ottawa to Place Prohibitive Tax

Ottawa, April 24.—Dr. H. Deslauriers, St. Mary's, Montreal, has given notice that he will bring before the Commons a resolution which would have the effect of prohibiting the export of electrical power from Canada to the United States.

Dr. Deslauriers' resolution asserts that "whereas the exportation to the United States of the electrical energy of the waterpowers of Canada promotes the progress of the United States to the detriment of Canada it is desirable that the Government should place a prohibitivo tax on this inland commerce."

MARY GARDEN CEASES TO LEAD OPERA COMPANY

Chicago, April 24.—Mary Garden last night announced her retirement as Director-General of the Chicago Opera Company, a position which she has held for the past year.

HELD BY POLICE

Mossbank, Sask., April 24.—John White, about twenty-two years old, is held here by Constable McRae of the provincial police on the strength of a confession he is alleged to have made to a farmer, John Wilson, Saturday, that he shot Constable Tierney, of Moose Jaw. White, it is said, told the constable he had told Wilson the story of the murder, but denies that he shot Tierney.

EX-MAYOR PORTER.

The death of former Mayor Robert J. Porter, which occurred this morning, will be deeply deplored by every section of the community. Although Mr. Porter had not been in good health for some time, never having recovered from the serious illness which overtook him during his last term of office, it was hoped that a rugged constitution, founded considerably upon a love of outdoor recreation, which he indulged whenever it was possible since his youth, and his life-long abstemious habits would enable him to win the formidable struggle which has just come to an end. His illness in the first instance undoubtedly arose very largely from the unremitting expenditure of his vital forces in the city's interests during the trying period in which he occupied the Mayor's chair. In that capacity he never spared himself; he always will be remembered for the exemplary devotion to duty which accounted for his uniformly successsful mayoral record. Combined with all this he possessed a generous fund of geniality and tact which helped him over many rough places in official life at a time when it was extremely difficult for public men to retain popular support for any prolonged period. By his death Victoria has been deprived of a zealous, upright worker in her interests, and the cause of good citizenship has suffered a severe blow. The Times extends its deepest sympathy with Mrs. Porter and her family in their bereavement.

GIVE AND TAKE.

Although the nations represented at Genoa cannot be described as a happy family it is becoming increasingly obvious that an endeavor is being made to bring the more controversial features of the agenda into closer harmony. Even the more truculent or defiant nations are recognizing the necessity to employ the gospel of give and take. It need not be suggested that this more hopeful sign is the result of either political cunning or fear of consequences that might follow in the wake of failure. It is more charitable to suppose that underneath the assembled variety of sentiment exists a genuine desire to end the misery that the world is facing at the present time and will continue to face as long as the old order of international dealings shall remain.

It is convenient to place the blame for some of the obstacles to progress on the shoulders of France. It is a matter of fact that her attitude frequently bars the way to quicker decisions where her old enemy is concerned. But it may as well be admitted that France knows Germany better than any other power represented at Genoa. She remembers her own burdens after the Franco-Prussian war and the absence of any sort of compromise in respect of the exactions made upon her by a victorious Germany. And when President Poincare declares that France could herself undertake to collect her reparations account by the employment of force; if force should be necessary, he is responding to national guidance and national sentiment—and an understanding of Germany. He knows as well as anybody else that the debtor nation will wriggle out of her responsibilities if the least loophole is left to her; he must be sensible of the fact that France will suffer more than most nations if Germany should challenge further occupation of territory to the East of the Rhine. It must also be patent to him that when the Berlin Treasury purchases gold with the present value of the Mark European exchange creates a new backwash from which France automatically suffers. None the less it is right and proper—and quite reasonable—that Germany should not be permitted to forget what she must do and what she must expect if she fails without giving reasons to which economic sense and judgment can subscribe.

French acceptance of the principle of an agreement under which the various nations would undertake to abstain from aggression is an evidence of good faith on the part of the Quai d'Orsay and the Republic's desire for permanent peace as long as the guarantees shall be of such a nature as to protect the chief sufferer from the wars of aggression during the last half century. And if Germany will not admit her guilt, or make an effort to atone, no amount of persuasion in the world will alter public attitude in France towards her. Upon Germany rests the onus and that is why the Conference should have discussed reparations from top to bottom in recognition of its direct relation to economic reconstruction and European peace.

MODERN TRADE'S ESSENTIAL.

It should be patent to every individual that knowledge is the great weapon of modern trade and commerce. Nor does Great Britain propose to be left at the post with those countries which are prone to assess the value of technical knowledge at too low a figure. On the contrary she established the National Physical Laboratory at Teddington, near London. Germany has two research institutes, one physical and the other chemical. In France and Italy measures are being taken to organize research institutes. The United States has a National Bureau of Standards at Washington to which is also now attached a laboratory building of exceedingly ample accommodation to be devoted to industrial research. The amount spent by the Bureau exceeds two million dollars a year. The Commonwealth Government of Australia is establishing an institute of science and industry. An institute for research known as the Cawthorn Institute is being established at Nelson, New Zealand, by private benefaction. Japan is founding a National Research Institute, for which already ample funds have been obtained from the Emperor, the Government and from private sources. But Canada has nothing! That is why the proposal of our hard-working Scientific Research at Ottawa to create a National Research Institute for Canada seems timely.

GETTING BACK.

Although there are continuous rumblings of general strikes in Great Britain—a sort of smouldering protest against the gradual return to pre-war conditions and the inevitable reduction of the weekly pay cheque—nothing of a very serious nature in the way of industrial upheaval has taken place since the disastrous coal strike of a year ago. Some idea of what has been done may be gleaned from the fact that more than five and one-half millions of workers submitted to weekly wage decreases amounting to nearly one million pounds in the January-February period.

It will be recalled that the general decline in British wages began in the early days of 1921 when the prevailing scale represented something like an advance over pre-war rates of one hundred and seventy to one hundred and eighty per cent. And although it is not to be supposed that the reduction will ever go as far as the 1914 level it is significant to observe that at the end of last February the scales in all the chief trades had been brought down to somewhere near one hundred per cent. above the pay of pre-war days. These statistics furnish additional proof of Great Britain's capacity for recovery. They indicate that she is able to repeat history that is punctured by periodical upheavals.

NOTE AND COMMENT

If we have many more crises in international affairs we shall not be able to detect them from every-day events.

Some members of the Russian delegation have annoyed the Italian Communists by dressing quite decently. Distance lends enchantment to the scene; but many ideals are shattered at close range.

It is good to see men of business predicting better times. We have too many pessimists among us.

The latest thing in aeroplanes is a double-decked bomber. When shall we confine ourselves to inventions that are primarily the result of enterprise in the cause of peace?

We are now told that the dawn of an era of perpetual light is not impossible. Then what will the objectors to daylight saving say?

Tuberculosis is said to be destroying coast Indians. One of these days the governments of the country will realize the fact that decent care of the poor old T. B. is quite as important as the felon and the mental deficient.

DEATH OF EX-MAYOR PORTER ENDS CAREER OF SERVICE TO CITY

(Continued from page 1)

contest in January, 1917, terminated in the election of Alderman Todd by a small majority.

During that year he was off the Council, but continued to serve Victoria as a representative on the Board of Directors of the Royal Jubilee Hospital. When it was known that Mr. Porter was willing to return to the Council in 1918, he had no trouble in again heading the aldermanic poll.

Conditions Change.

The Council to which he returned in 1918 were not those of his earlier association with the City Council. The ex-Mayor came back in time to participate in the negotiations, begun in December, 1917, to seek legislative power to adjust the local improvement assessments, a proposal first mooted in Council by his colleague, Alderman Dilworth, who did not, however, survive to see his plan come to fruition.

The Council of 1918 was occupied with the Victoria Private Act, which not only inaugurated the policy of local improvement assessment, but established a new board of ment commissioners. Mr. Porter had entered the Council when the assessment of the City stood at $89,000,000. He returned to assist in fixing it at a minimum of half that amount.

The Mayoralty.

In January, 1919, Mr. Porter easily defeated Mr. Todd for the Mayoralty, thus reversing the verdict of two years before. The year was largely occupied with the re-adjustment incidental to the war, and Mr. Porter showed himself fully equal to the exceptional situation.

The year, as with its successors in 1920 and 1921, was occupied in keeping the City affairs going with decreasing receipts from land taxes, and heavy fixed charges inherent from the period of boom.

In 1920 Mr. Porter went to Ottawa with a delegation which secured the continuation of wooden shipbuilding contracts for a time. Last year he went East again, attending as the delegate of the City at the Good Roads Convention at Halifax. After the visit to the Nova Scotia capital Mr. Porter toured a number of cities, and ascertained many new methods of handling municipal problems in the Dominion.

Prior, however, to the last visit to Ottawa, Mr. Porter had been called upon to fight to retain the Mayoralty, and easily held it against Alderman Patrick fifteen months ago.

His last term as Mayor was occupied almost exclusively with financial problems. Most notable of the works in hand when he went out of office last December, when defeated by Mayor Marchant, was the Johnson Street Bridge, a question which had been before the council all the years since he first entered it. Mr. Porter left office with the work well in hand, the most ambitious undertaking of the city since Sooke waterworks. One notable achievement of his Mayoralty was the readjustment of the civic licence systems.

Enthusiastic Agriculturalist

Mr. Porter, as a lover of the out-of-doors, naturally took an interest in agricultural development. For many years he was a director of the B.C. Agricultural Association, and after Hon. S. F. Tolmie, M.P., went into politics, he became its president.

He was a member of Victoria-Columbia Lodge, A.F. and A.M., and was associated with the Victoria Valley of the Ancient and Accepted Scottish Rite.

The family consists of Mrs. Porter and the following children, Kathleen, Gladys, Robert, Beatrice, Iona and Jean. His brothers are H. A. Porter, George A. Porter and F. A. Porter, and Mrs. James Sargster is his sister.

City Hall Shocked.

Announcement of Mr. Porter's death caused genuine sorrow in every department of the City Hall where the former Mayor was universally popular. Mayor Marchant, Mr. Porter's vigorous and successful opponent in the last municipal election, was deeply affected.

"Mr. Porter's untimely death, while he was still in his prime, I regard not only as a great loss to Victoria but as a real personal loss also. My criticism of him at the last election had no personal element in it whatever. It related only to public affairs because I have always held Mr. Porter in the highest esteem through the long period during which it was my privilege to know him. His later years were devoted whole-heartedly to the service of the city in a period of unprecedented difficulty and his passing will rob the civic life of Victoria of one of its most notable and useful figures."

Similar sentiments were expressed by all civic officials, for it is doubtful that any Mayor was more widely esteemed than Mr. Porter. His kindly manner of dealing with those under him assured him of co-operation from every branch of the City service and, though three years in the Mayor's chair, he left no enemies at the City Hall.

NAVAL CELEBRATION IS HELD AT SOOKE

Four-fold Anniversary Held by Residents and Visitors

The fourfold anniversary of Ypres, Zeebrugge, St. George's Day and Shakespeare's anniversary was marked at Sooke on Saturday afternoon. The boys of the Victoria Naval Brigade were welcomed at the Sooke War Memorial by the Sooke Division of the Brigade. Among those attending from Victoria were Major W. H. Langley, chairman of the Victoria branch, and P. A. Rayner, hon. secretary.

The address to the boys was given by Admiral Sir Edmund Pears. Sir Edmund pointed out that the Zeebrugge engagement was one of the most daring in the annals of the British Navy, and compared it with the attack by Nelson on the harbor at Santa Cruz.

After prayers the "Last Post" was sounded. The visitors and residents repaired to the Sooke Harbor Hotel, where the boys of the Brigade gave a short concert on the tennis court.

The gathering was exceedingly pleased to welcome Lieutenant-Governor and Mrs. Nichol, who motored out from Victoria for the occasion.

CRISIS AVERTED AT CONFERENCE

(Continued from page 1)

maintaining peace, should not work in an exclusive spirit at Genoa, but should get all such annoyances as the Russo-German Treaty out of the way so the real work of the conference could proceed.

For Peace.

Mr. Lloyd George, who seconded M. Bratiano's motion, agreed with all the Roumanian Premier had said. He wished to let the world know that the British Empire was anxious to work in close co-operation with the Allies, but that this co-operation must be for peace. In other words, the co-operation must be to forward the objects of the Genoa Conference.

He declared that if the British public began to feel that co-operation with the Allies was tending to perpetuate feuds in Europe, the British point of view would immediately change. He felt in duty bound to make it plain that the British Empire was set on peace and determined to surmount all obstacles.

M. Barthou expressed his approval of Mr. Lloyd George's words and gave assurances that the French delegation was animated by the same motives as the British.

Nations' Note.

The note apparently was acceptable to all ten powers which assisted in its preparation. In part it stated:

"Your letter suggests that the German delegation has been forced to conclude a separate agreement with Russia by the refusal of the members of the delegations of the inviting powers to consider grievous difficulties which the proposals formulated by their representatives in London would have created for Germany.

"The undersigned representatives of the inviting powers have made inquiries of the members of their respective delegations and find no shadow of justification for this statement. . . . .

Unfounded.

"The allegation that the informal discussions with the Russians on the subject of recognition exposed the delegation to the risk of being confronted with a statement unacceptable to Germany but already approved by a majority of the members of the Commission is equally unfounded. No scheme would or could have been accepted by the conference without the fullest opportunity for discussions in competent committees and sub-committees, and in these Germany was represented on a footing of equality with the other powers. . . . .

"The undersigned expressly reserve for their Governments the right to declare null and void any clauses in the Russo-German treaty which may be recognized as contrary to existing treaties. The incident may now be regarded as closed."

The note was signed by the representatives of the Big Entente, the Little Eentente and Portugal.

Russians

The ten powers also considered the French experts should sit with the Russian experts until an explanation was offered of the Russian reply to the London experts' report on Russian reconstruction, which seemingly was in conflict with M. Tchitcherin's note stating to the Conference what the Russians would be willing to accept as a basis for further negotiations.

A letter from the Russians was read explaining that their old position had been superseded by Mr. Tchitcherin's note, and Mr. Barthou agreed to permit the French experts to sit with the Russian experts during the afternoon.

INQUIRY FOLLOWS LOS ANGELES RAID

(Continued from page 1)

bootleggers. The band subjected the household to fear and brutality; two young girls to indignities; and the men to kidnapping and threats of death. Frank Werner, night marshal of Englewood, responding to calls from neighbors of the Elduayens was halted by masked men. An exchange of shots followed. M. B. Mosher, constable of Englewood, was mortally wounded, dying six hours later in a hospital. His son, Walter, also his deputy, was shot in the arm. Leonard Ruigg, a special deputy sheriff, was shot in the abdomen and may die.

ACCIDENTALLY KILLED CHILD

Edmonton, April 24.—John Best, a clergyman farmer of the Good Hope district, accidentally shot and killed his three-year-old child, April 21. An inquest was held at Fort Saskatchewan. The father was returning from shooting gophers and had just entered the house when the gun exploded.

FIGHT GRASSHOPPERS.

Edmonton, Alta., April 24.—Organization of the province into districts for the business of fighting the grasshopper plague that is expected this Summer is progressing. There will eventually be about twenty-five centres with an agent in charge of each.

A full measure, both as to weight and quality, is our guarantee to all people at all times.

EFFORT TO FLOAT VESSEL OFF REEF

(Times Correspondence.)

Sidney.—The Inskip, Capt. Skinner, had the misfortune about midnight Tuesday to go aground on Sawtooth Reef, Portland Island. She struck at high tide. She is loaded with twenty tons of ice and fuel, the latter being drums of distillate, and supplies for the Canadian Fish Co. of Vancouver, which owns the craft, and consigned to its West Coast canneries. Capt. Skinner called to his assistance the sister ship of the Inskip, the motor ship Tasso, Capt. Wells, also one of the Canadian Fish Company's boats, but as the efforts of this boat were unsuccessful it was found necessary to send to Vancouver for a salvage outfit and a tug with the necessary derrick and scow was dispatched to the scene. Little trouble is expected in floating the Inskip. So far very little damage has been done to the Inskip, the only danger being if a big storm arrives before the salvage ship succeeds in getting her off the reef.

EARNINGS OF C. P. R.

Montreal, April 24.—Canadian Pacific Railway earnings for week ended April 21 were $2,925,000, a decrease of $160,000.

WADIA TO SPEAK ON "LIFE AFTER DEATH"

Appears Here Under Auspices of Theosophical Society

B. P. Wadia arrived in Victoria this morning and is now a guest at the Empress Hotel. He is here under the auspices of the Theosophical Society and is to deliver two lectures to-day and one to-morrow in the Alexandra Hall on spiritual and philosophical subjects.

Mr. Wadia has the rare faculty of presenting difficult subjects in a simple, understanding way. With his eloquence he moves and inspires great audiences.

In Europe Mr. Wadia was warmly received, and will be gladly welcomed again. New York held him for three months, and begged him to stay longer. In Paris at the recent International Theosophical Conference he made the great speech of the occasion, and his published lecture, "Will the Soul of Europe Return," excited much attention and comment.

His lectures and writings all show deep study and understanding of the subjects he treats and earnestly followed by all grades of society in East and West. In the more serious political world he is well known, and his work in the great labor movement has been of value not only to his own country, India, but to the whole world.

Undoubtedly Mr. Wadia will be warmly welcomed in Victoria. This afternoon Mr. Wadia lectured on "Yoga, the Patch of Union," and at 8 o'clock to-night on "Life After Death."

FIXING FERRY SLIP.

(Times Correspondence.)

Sidney, April 24.—The pile-driving outfit and equipment belonging to the Vancouver Pile-Driving Co., Vancouver, which has been laying in Roberts Bay since before the Easter holidays was brought round Sunday to the old Great Northern ferry slip, where the Vancouver company has the contract to put the slip and wharf into shape for the new Sidney-Anacortes ferry scheme. An early start on this job was made this morning. Contractor King is confident that he has everything in working order to take care of the ferry service when it begins operations on Wednesday next

The Saanich Canning Co. recently received a car of cans for its plant at Sidney. They were busy unloading it. The car came over from the Mainland by the C.N.R. to Sidney via the Port Mann-Patricia Bay barge service, entering Sidney over the old V. and S. tracks, now owned and operated by the Canadian National Railway.

Back to Island.

Sidney.—Dr. Kincaid, of Mayne Island, who was in Victoria for a week, returned home Saturday by Charles McDonald's launch.

The S.S. Prosper, Capt. Stagg, of Seattle, put into port on Saturday night to get clearance papers from the Customs office. She left for Active Pass, where a boom of logs is to be picked up and towed to Bellingham.

A New Showing of Fashionable Millinery

Featuring the Newest Coloring and Shapes

In the new shipment of fashionable millinery we have just placed on display the favorite styles for Summer are displayed. Among the most attractive are large droop shapes featuring colorings of jade, green, turquoise, navy and pastel shades. The fabrics used in designing these beautiful models are leghorn, mohair, taffeta and Georgette. They are distinctly appropriate for afternoon or street wear and will be much in evidence during the Summer. We also show a selection of large picture hats and smart sailors in black, a shade greatly in favor this season.

See this new selection in the Millinery Department.

DAUGHTERS OF PITY HELD SPRING TEA

$50 Raised by Delightful Affair at Balmoral Hotel

The Daughters of Pity were much gratified at the success of their Spring tea on Saturday afternoon, which resulted in the addition of $50 to their funds for the carrying on of their beneficent work in the Children's Ward of the Jubilee Hospital. Through the generous kindness of Miss Tully, who has always shown a deep interest in the Daughters' work, the drawing room and facilities of the Balmoral Hotel were placed at the disposal of the organization for the occasion.

A delightful musical programme which added much to the pleasure of the occasion included songs, by Miss Kate Hemming, Miss Watson, Miss Bannerman, and Miss Muir, violin solos by Miss Carter and Master Donald Purvis, Mrs. Moore, Mrs. James and Miss Jessie Smith sharing the role of accompanist.

A delicious tea was daintily served by Mrs. McKay, Mrs. MacRae, Miss Craig, Miss Menkus, Miss Brindley, Miss Taylor and Miss Bannerman; a candy stall was in charge of Miss Lovell and Miss Moss, and fortune-telling was under the direction of Mrs. Bland and Miss Bowron. Mrs. Cassidy assisted materially with the selling of Spring flowers.

YOLANDA MERO TO BE GUEST OF CLUB

At Ladies' Musical Club Final Tea, Wednesday Afternoon

Madame Yolanda Mero, the Hungarian pianist, who is to appear in a joint recital with Mrs. Gertrude Huntley Green on Wednesday evening, will be a guest of honor of the Ladies' Musical Club at its final tea of the season to be held on Wednesday afternoon at the Empress Hotel at 3 o'clock. The other honour guests will include the hostesses who have so generously placed their lovely homes at the disposal of the Club for the monthly musical teas throughout the season.

A most attractive programme has been arranged, and will include a paper on "The Psychology of Music," prepared by Mrs. Herchmer and illustrated by a number of leading artists.

HOTEL ARRIVALS

o o o

Mrs. F. H. Clendenning, of Vancouver, is staying at the Empress Hotel.

A doctor, attending an old man, had instructed the butler in the art of taking and recording his master's temperature.

One morning, on arriving at the house, the doctor ran into the butler.

"I hope," said he, "that your master's temperature is no higher."

"I was just hoping that myself, sir," said the butler, solemnly. "He died an hour ago."

HENNA-COLORED SKIN IS LATEST CRAZE

London, April 24.—A henna bath cult is forming among London's more ultra society women, who deem olive colored skin something worth acquiring. The craze is said to be of French or American origin. Baths, strongly tinctured with henna dye, are taken monthly and impart a delicate tint which looks well with the evening dresses of Oriental shades and design now popular here.

Mr. H. E. McDorman, of Montreal, is a guest at the Empress Hotel.

To Address Women's Canadian Club

Bahman Pestonji Wadia, Parsee lecturer and Indian delegate to the Geneva Labor conference, will speak to the Women's Canadian Club at an open meeting at the Empress Hotel to-morrow afternoon at 3.15 on the subject "India's Place in the Empire." Mr. Wadia is a lecturer of international reputation and his address should be of unusual interest at the present juncture of Indian affairs. The address will be open to the public on a nominal admission charge.

Social & Personal

Mr. and Mrs. P. M. Linklater have been spending a holiday in Seattle.

o o o

Miss Tina Mowbray is among the Victorians returning to-day from Southern California.

o o o

Mrs. (Dr.) G. Parker, of Toronto, is spending a holiday in the city and is a guest at the Angela.

o o o

Mr. and Mrs. F. R. Wilgress, of 745 Newport Avenue, are receiving congratulations upon the birth of a daughter on April 19.

o o o

Mr. and Mrs. Lincoln Redgrave, of Vancouver, spent the week-end with Mrs. Charles Redgrave, of 619 Harbinger Avenue.

o o o

Mr. Wm. Merston returned to Victoria last Thursday after being the guest of Mr. Max Calthorp, Salt Spring Island, for a few days.

o o o

Miss Gladys Irving has gone over to Vancouver, where she will be the guest of Mrs. W. R. Brown, Shaughnessy Heights, for a week.

o o o

Mrs. John Hoy and her daughter Muriel, of this city, has been visiting Mrs. W. W. Goodwin, Vancouver, for a week.

o o o

Mrs. Jephson, who has been the guest of her parents, Dr. and Mrs. Alexander Robinson, for a few weeks, has left for her home at Rolla, B.C.

o o o

Mrs. Scriven, who is to arrive to-day on the S.S. Ruth Alexander from Southern California, will be the guest of Mrs. E. Crow-Baker, Gorge Road, for some time.

o o o

o o o

Mrs. E. Crow-Baker, accompanied by her niece, Miss Jean Ross, who has been visiting her parents in Vancouver, returned to Victoria yesterday afternoon.

o o o

The friends of Dr. Paul Higgins will be pleased to hear that a telegram has been received announcing a little improvement in his condition.

o o o

Major and Mrs. Seale, of Oak Bay, accompanied by Miss Dorothy Stuart Robertson, who have been spending a few days holiday in Vancouver at the Vancouver Hotel, returned home to-day.

o o o

Miss "Tinker" Jones, daughter of Mr. and Mrs. Fred. W. Jones, is expected home on Friday from Bermuda, W.I., where for the past year and a half she has been visiting her sister, Mrs. Lambert.

o o o

A picture of Mrs. Dennis Harris at her spinning wheel was shown at a lantern lecture given in Vancouver recently by Mrs. E. M. Cuppage. The speaker made reference to the revival of the hand spinning and weaving industry on Vancouver Island, which is largely due to the enterprise and energy of Mrs. Dennis Harris.

o o o

The daffodil tea held in the church hall of St. Paul's Presbyterian Church by the Ladies' Aid and Young Women's Auxiliary proved a great success socially and financially. A very pleasing event took place when presentation was made to the former pastor's wife, Mrs. H. N. Maclean, of a set of silver ware. A beautifully worded address showing the esteem in which Mrs. Maclean was held by all the congregation was read by Mrs. Millar, the presentation being made by Mrs. Dodd. Mrs. Maclean responded in a few well-chosen words. The singing of Miss Jean McGowen and Miss Jean Robertson, instrumental music by Miss Irene Burns, brought a pleasant and profitable afternoon to a close.

o o o

Miss Agnew, of Lethbridge, Alberta, is in Victoria for a few weeks and is the guest of Mrs. F. C. Nivin, Oak Bay.

o o o

Mrs. McDowell and the Misses Eilers were joint hostesses at a delightful tea at the home of Mrs. L. Eilers, Prior Street, on Saturday afternoon. A profusion of daffodils, hyacinths, and other Spring flowers was used in the decoration of the reception rooms. During the afternoon the pleasure of the occasion was enhanced by piano selections by Miss Ethel McDowell and songs by Miss Edith Eilers. The guests included: Mrs. Allen, Mrs. McLean, Mrs. W. H. Rowlands, Mrs. W. U. Rowlands, Mrs. K. Campbell, Mrs. Gray, Mrs. Byrd, Mrs. Westcott, Mrs. Fred. Eilers and Miss Stevenson.

o o o

Prior to leaving for California, where she is shortly to be married, Mary Macleod, Richardson Street, was hostess at a farewell tea at her home on Saturday afternoon. Mrs. Macleod presided at the tea table and was assisted by the Misses Macleod. Among those present were the Misses Jock and Eileen Innes, Rhoda and Kathrine Bagshawe, Helen and Betty Streatfield, Margaret Holmes, Mary Paget, Alice Morrison, Betty Gray, Ruth and Anna McBride, Jennie and Nellie Turner, Jessie Campbell, Audrey Topp, Agnes and Dorothy Stuart Robertson, Manda Jussala, Gwen McPhillipps, Mabel Rhodes, Alice Nash, Laura Eng, Totie Day, Marjorie Meredith, Bee Wolfenden and Daisy Corrance.

o o o

The charming home of Mrs. W. A. V. Robertson was the scene of a delightful party Friday evening, on the occasion of the nineteenth birthday of her daughter, Marie. Dancing was enjoyed in the spacious drawing rooms, which were beautifully decorated with carnations and daffodils. Among the many guests were Misses Minnie Bell (Shanghai), Marie Danes, Eleanor Gropp, Orsa Chungranes, Joe Brandon, Jean Brocklebank, Alma Matthews, Lorna Cutler, Dorothy Baxter, Lenora Scott, Irene Frilley, Ruby Rennie, and Messrs. Wm. H. Gropp, L. Gropp, A. Turner, Jack Watson, W. Watson, N. C. Chungranes, J. McKay, G. Jones, J. Gosse, G. Brandon, E. Holland, E. Hume and W. Robertson.

o o o

Mr. and Mrs. B. Dalgarno, Mrs. W. L. Steels and family, of Prince Rupert; Mr. A. R. Kent and family, of Anyox; Mr. F. A. Clark, of Bainbridge; Mr. Carney, of Sault Ste Marie; Mr. and Mrs. M. Shaper, of Astoria; Mr. and Mrs. P. M. Livingston, of Edmonton; Mr. F. Chapman, of Souris, Man.; Mr. J. A. Mill and Miss C. L. Mill, of Ottawa, Ont. are guests at the Dominion Hotel.

FLORENCE NIGHTINGALE CHAPTER

Through the kindness of Mrs. Dunsmuir, the Florence Nightingale Chapter, I. O. D. E., will hold a garden party in the beautiful grounds at Hatley Park on Wednesday, May 10, when the Japanese gardens will be at their best with a mass of gorgeous blooms. Mrs. Catterall is to be general convener, and further details will be announced shortly.

MME. LUGRIN-FAHEY TO OPEN TOUR HERE

Recital at Royal Victoria May 5; Patronage Lieut.-Governor

After an absence of nearly two years Madame Winnifred Lugrin Fahey will return to the city in a few days to commence a concert tour of the West, accompanied by Mrs. A. J. Gibson. The announcement that Madame Fahey is to open her tour at the Royal Victoria Theatre on May 5 will be hailed with delight by music-lovers throughout Vancouver Island who, in spite of her long absence, still look upon her as one of Victoria's own singers.

Since leaving Victoria Madame Fahey has gone far in her profession and a succession of successful concerts and recitals in the East have made her name as popular and familiar in the bigger musical world of the East as in the West. Her recital here on Friday, May 5, will be under the distinguished patronage of His Honor the Lieutenant-Governor and Mrs. Nichol.

MRS. NICHOL WILL OPEN BIG BAZAAR

Amalgamated Veterans' W.A. to Hold Sale Saturday

The Women's Auxiliary of the Amalgamated Veterans' Association are preparing for a sale of work to be held on Saturday, April 29, from 3 to 6 o'clock, at the club rooms, 1406 Douglas Street.

Mrs. Walter Nichol, wife of the Lieutenant-Governor, has graciously consented to open the bazaar, which will have numerous stalls under the convenership of Mrs. Chambers. Mrs. Donaldson will convene the special tea which will be served during the afternoon, and a splendid musical programme has been arranged.

The following ladies will have charge of the various stalls: Home-cooking, Mrs. Hunt; fancywork, Miss Sceats; candy, Mrs. Macnicol and Mrs. Patrick; ice cream, plain sewing, Mrs. Knowles; flowers and plants, Mrs. McVie; bran tub, Mrs. Saunders.

The Comrades will have full charge of the "Made-in-Victoria Stall," and the committee in charge includes Comrades Aitken, Allen, Watson, Slavin and F. Hall.

There will be a concert and dance in the evening for which a delightful programme has been arranged. The ladies are working hard to make this affair a success and extend a hearty invitation to all.

VICTORIA INSTITUTE

Rooms to Be Open Four Days Weekly for Benefit of Country Institutes.

The regular monthly meeting of the Victoria Women's Institute held on Friday afternoon proved an exceptionally interesting one.

Reports from standing committees all showed considerable progress being made. Commencing this week the Institute rooms, Surrey Block, Yates Street, will be open on Tuesday, Thursday, Friday and Saturday for the benefit of members of country Institutes.

Mrs. H. Norris, convener of the legislation committees for the district, gave an excellent paper on "Recent Legislation Pertaining to Women and Children." This was followed by a discussion, the general opinion being that a number of the laws could still be decidedly improved upon.

The president, Mrs. Crocker, then introduced Mr. J. R. Terry, who gave an interesting talk on "Boys' and Girls' Clubs," explaining what is being done by these clubs in other parts of the Province. Mr. Terry also answered numerous questions on poultry keeping.

The demonstration for the afternoon was the making of the new organdie flowers, given by Mrs. Wm. Peden, and was very much enjoyed by all.

It was decided to give one afternoon or evening a month to the entertainment of the patients in the tubercular wards of the Jubilee Hospital. Mrs. Chambers was appointed convener of the refreshment committee and Mrs. W. D. Todd of the programme, in connection with this.

It was also decided to serve luncheon and afternoon tea in the Institute rooms on May 24, full particulars of which will be announced later.

Members in charge of the next meeting of the Institute on May 5 will be Mesdames Colby, Robson, Terry and Brasier.

Daughters of Pity.—The Daughters of Pity held a successful Spring tea Saturday afternoon at the Balmoral Hotel, kindly loaned by Miss Tulley. Fifty dollars was realized for the children's ward. Mrs. Cassidy sold Spring flowers; Misses Lovel and Moss had charge of the candy stall, and fortunes were read by Mrs. Blanchard and Miss Bowron. Violin solos were charmingly rendered by Miss Carter and Master Donald Purvis, and delightful vocal solos by Miss Carter and Master Donald Purvis, and delightful vocal solos by Miss Kate Hemming, Misses Watson, Bannerman, Muir, ably accompanied by Mrs. Moore, Mrs. James and Miss Jessie Smith. Tea was served by Mrs. McKay, Mrs. McRae, Misses Craig, Menkus, Brindley, Taylor and Bannerman.

Sunlight Soap

Does the washing while you go out

Sunlight is all pure soap—unrivalled for purity and efficiency—and the rich bubbly suds wash the clothes beautifully clean and white without injury to any garment. No need of rubbing or boiling, or weary hours at the wash board.

Pure cocoanut and palm oils, are skilfully blended by experts into the world's most successful laundry soap—Sunlight.

All soap—no fillers—truly economical.

SIXTY DAYS' GRACE TO PAY B.C. TAXES

The date for payment of land and school taxes by recent order-in-council of the Provincial Government has been extended from April 30 to June 30, Frank Sehl, Provincial collector of taxes, said to-day. He explained that this means that penalties for taxes unpaid will not be enforced until June 30.

"The new law going into effect for the first time this year provided that if land and school taxes were not paid by April 30 a penalty of one per cent was to be added and thereafter a further penalty of one per cent at the end of each month until the taxes are paid," said Mr. Sehl.

"This extension of the penalty period also applies to personal property taxes of farmers in cases where farmers have been assessed in conjunction with their land taxes."

THE LOVE PETAL

Another Big, Gripping Story by the Authoress of "A Gamble In Beauty," Which Recently Created Such a Sensation

By NANCIBELLE HALE

"You said so. You announced that it would be best to end our engagement," Neata replied to Colin's last question.

"But not until after June brought me your daisy, with its 'fortune-telling' petals, announcing that you no longer cared for me."

"The daisy distinctly told you that I loved you," Neata insisted. "I counted the petals most carefully, so that my meaning would be unmistakable. I made certain that the last petal would read 'she loves you.'"

"I would swear my life away that the flower said 'she loves you not.'"

"You are wrong, Colin. I am positive, for I had started to bring the flower to you and then my silly pride overpowered me. I had been such an idiot and I so longed for you pardon, but I feared your displeasure. So I asked Jane to take the daisy to you, explaining that I had counted the petals and that you would understand. I told her that our happiness depended on the single petal and begged her to be careful in delivering it into your hands."

"You—told—Jane—that?"

A strange thought came unbidden to Colin.

Jane! It had been Jane who had told him of Neata's acceptance of Pinnell's attentions. It was Jane who had first injected in his mind the bacilli of distrust. It was she who had exaggerated Neata's flirtation into an affair of importance which could not be minimized. Jane had insisted that Neata did not love him—that she was being forced into the marriage by her mercenary aunt and mother—that because of her unwilling assent to his proposal she was miserably unhappy.

It had been his cousin who intimated that the course of honor was to release the girl from her promise.

And to Jane, he now learned, the importance of the single daisy petal had been carefully explained by the trusting child whom he longed to make his wife.

He had a mental picture of Jane begrudging happiness to the girl of whom she was jealous, being given the flower. He could see in his mind the jaundiced spite which embittered her eyes as she had gazed at the blossom and picked from it the petal which changed its message from one of beauty and charm, love and gracious surrended, to a cold denial of all that he desired.

The ruthlessness of her act disgusted him. It was in his heart at that moment to pay her back in her own coin. He wished her to suffer—to know the absorbing agony of passing endless days, bereft of joy, lost to ambition, unappreciative of success—which was a cheap thing, after all, when there was none with whom to share it—because the light of his life had been darkened by her pitiless scheming.

"I believe you have, unwittingly explained the cause of our unhappiness—suffering which was unnecessary and cruel," he told Neata.

And to her puzzled look, he answered.

"I am convinced that Jane deliberately changed your message—that she pulled another petal from your daisy, with the avowed purpose of causing a disruption of our romance."

"O, the meanness of it! Could any one be so heartless, Colin?"

That is the only explanation of it . . . And things which she has done before and since our separation force me to the conclusion. . . . Tell me you love me, little darling—let me know that the horror of these awful weeks has been a mistake and not because you wished to part."

He came closer and looked deep into her eyes, his hands on her slender shoulders, which quivered beneath his loving touch. Her heart sang in a frenzy of ecstasy.

She had been wrong. Colin had not been indifferent to her love. He had wanted her—longed for her presence nearly as much as she had desired his. She did not believe his love could possibly be as great as hers—never had woman so wholly idolized a man.

"Love you?" she asked. "I adore you. The grief of existing without you has made my days unbearable—my nights hideous."

Then, thinking of the ugly words exchanged on that dreadful day when each, hurt to the quick by the other's seeming lack of interest, had hurled odious charges at one another, Neata crept closer to Colin's protective arms and pleaded:

"Do you really think I am such a child that you must educate me according to your ideas before I am fit to be your wife—that my will must be moulded?"

"Wherever did such an idea gain housing room in that beautiful head?" Colin smilingly asked.

"Jane said that you told her you wanted to marry me because I was so infantile you could rear me to your liking—that, knowing I had no other lover and could probably have none other—you thought I would be tractable as a wife . . . Do you believe that, Colin?"

He folded her close and pressed a tender kiss upon her sweet, waiting lips.

"I want you for my wife because you are the loveliest lady in all the land . . . because life is worthless, colorless, soul-wearying without you. There is no sacrifice too great—no task too difficult for accomplishment—with you near.

"The things Jane has told you were a part of her scheme to separate us evidently—to bring misery to us both. You know now how wrong she was. Had you ever questioned me about my opinion as to what I think of men who attempt to rule their wives, our unhappiness might have been averted. Did you hear the case I argued to-day? That dealt with this same question."

"Your pleading for that poor woman opened my eyes. It was then I saw the real you. But," Neata teased "you did resent my knowing Emory. You wished him stricken from my list of acquaintances."

"That was Jane again. She had made me so beastly jealous, with her tales of your being forced to marry me, while loving Pinnell."

Neata smiled wryly.

"And I purposely flirted with him to prove to you that I could, by stress of great effort and under certain favorable conditions, prove interesting to others of your sex—thinking then that you felt assured that no other man would ever cast a glance in my direction. What awful heartaches could have been avoided had we been frank with each other—if we had sensibly traced our trouble to its source immediately."

"We couldn't be sensible. Our love changes our viewpoint. After marriage, when we can no longer doubt that we belong to each other, we may see things in their true light; but the uncertainty before hand forces lovers, I believe, to emphasize incidents out of all proportion to their true worth.

"But nothing matters, darling, except that I have you and that you love me . . . I'll not let you go again. I'm going to marry you so quickly that you won't have time to look at another man. And you can spend the rest of your days flirting with your husband."

"That won't be such a difficult task. I'll have to make up for lost time." She shuddered at the thought of the weeks of intolerable pain without him.

"How I hate Jane!" she exclaimed fiercely.

"She is detestable," agreed Colin "We will forget her," he said gravely

"Forget her? No," was Neata's reply. Then a sly, elfin smile curved her lips as she added,

"I will be delighted to send her an invitation to our wedding. Her name shall be first on the list."

As Colin's worshipping face bent nearer, she closed her eyes in rapture and her arms crept up about his neck.

DO WOMEN WORK AS HARD AS MEN?

Yes. And They Must Keep Well and Strong

Two Interesting Letters

Toronto, Ontario.—"When my husband was called back to England in 1914 I took Lydia E. Pinkham's Vegetable Compound to strengthen me so I could work. I had a trouble that used to make me weak, but I am able to do my work now and am perfectly satisfied with your medicine. I still get it at the chemist's and I strongly recommend it to anybody I hear of suffering as I did. You may publish this if you wish."—MRS. E. HORNBLOWER, 899 Yonge St., Toronto, Ontario.

I Did Not Feel Like Working

"I was in a general run-down condition with a weak back and a tired feeling so that I did not feel like working. My mother was taking Lydia E. Pinkham's Vegetable Compound and recommended it to me, so I have taken it and my back is better and I am now able to do my work. I recommend the Vegetable Compound to my neighbors and you may publish my letter."—MRS. JOSEPHAT A. GRENIER, Box 47, Carbon, Alberta.

Lydia E. Pinkham's Vegetable Compound should be taken when you first notice such symptoms as nervousness, backache, weakness and irregularity. It will help you and prevent more serious trouble. Give it a fair trial.

FOR CHILDREN

THE SANDMAN STORY FOR TO-NIGHT

THE WEDDING BREAKFAST

Part I.

Old Granny Quack heard it first, and she put on her bonnet at once for she never let anyone get ahead of her telling news in the barnyard.

Miss Penny Hen is going to be married.

"Yes," she said, looking over her spectacles, "Miss Penny Hen is going to be married down in the grove by the pond to-morrow morning, early before the sun is up, so Parson Owl can see who he is marrying."

Miss Penny Hen did not have to send out invitations, for everybody knew about the wedding and everybody expected to be invited, so the next morning early everybody was there. The bridegroom was handsome Mr. Rooster, from the next farm, and Miss Hen was going to leave the barnyard where she had been brought up for a new home right after the wedding.

All the Ducks took a very early swim that morning, and were waddling up the bank just as the other guests came into the grove.

The Hens and Chickens found nice seats on the rocks, and the Turkeys perched on the limbs of the trees where they could see everything that happened, and old Granny Quack waddled to a very front seat, so near the bridal party that Parson Owl had to ask her to get off his tail feathers

Mr. Crow was just flying over to the cornfield when he happened to glance down, for he did not intend to miss anything that went on, no matter whether he was invited or not.

"Now I wonder what all that crowd is up to?" he said, flying down to a limb, where he could see. "Huh nothing to eat! A fine wedding, I should say, without a breakfast! I shan't stay, even to watch old Parson Owl fly home afterward and bump his head against all the trees, as he is sure to do."

But just as he was flying over the field Mr. Crow saw Mr. Fox creeping along through the tall grass.

"Going to the wedding?" he asked. "Of course you were invited, Mr Fox, but you are late, Parson Owl had almost married them when I left."

Mr. Fox was not at all pleased that Mr. Crow had spied him, but he pretended he was on his way to the pond for a drink of water, and that the wedding did not interest him, which wasn't at all true, for he had gone to the barnyard the day before to get a nice plump chicken for his dinner and he heard Granny Quack telling the news, so he decided to wait, and when the guests were all there to help himself to the very nicest one he could find.

"Ha, ha" cawed Mr. Crow loudly "You're a sleek talker, Mr. Fox, but you can't pull the wool over my eyes."

And then Mr. Crow flew away, or at least Mr. Fox thought he did, for he watched until he was out of sight, flying in the opposite direction from where the wedding was going on. But Mr. Crow turned around and flew back another way, and Mr. Fox did not see him. He got to the grove just as everybody was starting for the barnyard for the wedding breakfast.

"Ah, I am a lucky bird!" thought Mr. Crow, and down he flew, right into the midst of the wedding party "Mr. Fox is coming on the run," he announced; "he heard there was to be a wedding, and he wants to get here in time for the breakfast."

Everybody ran, excepting Mr Crow, and he flew; and by the time Mr. Fox reached the grove there was nothing to be seen but a few feathers. And when he crept around the side of the barn to see if there was a chance of getting one stray hen, there was Mr. Crow eating breakfast with the wedding party right in the centre of the group.

"That rascal he told," said Mr. Fox But Mr. Dog came along and chased him over the fields, and Mr. Fox went home without his breakfast, wondering how he could pay Mr. Crow for cheating him out of it.

To-morrow I will tell you the trick he played on Mr. Crow.

TEACHERS SOON TO TOUR BATTLEFIELDS

Overseas Education League Has Great Scheme

The teachers' tour to Great Britain and the battlefields of France and Flanders is to be a memorable event for some two hundred and eighty teachers throughout the country, and the plans which are nearing completion promise a "pilgrimage" unexcelled in interest by any of the previous six annual tours under the Overseas Education League. Teachers from Australia, New Zealand and Newfoundland will join with those from this Dominion in the arrangements for this Summer. A special feature of this year's plans is the chartering of the whole accommodation of the SS. Scotian, which carries with it all those privileges which guarantee the social and vacation pleasures of the seven-day Atlantic voyage.

Another attractive item on this year's itinerary is the visit to Oxford, Stratford-on-Avon and Warwick, for during that period the teachers have the unique privilege of hospitality in the Oxford colleges by generous permission of the college authorities, through Sir Herbert Warren, President of Magdalen College, Mrs. Haldane and other Oxford friends of the league. The arrangements have been made to accommodate the gentlemen of the party in Balliol College and the ladies in Lady Margaret Hall and St. Hugh's College where as temporary resident students they will dine in the college halls and be given the freedom of undergraduates.

It is not easy for the stranger to Oxford College life to appreciate the significance of this courtesy on the part of the college authorities, which is probably without a precedent. In addition, while at Oxford, specially aranged visits will be made to Blenheim Palace by invitation of the Duke of Marlborough, and to tea at Headington by invitation of Mrs Morrell.

It is also confidently expected that a civic reception will be accorded to the visitors this eyar by the Lord Mayor of London in the Guildhall with luncheon and address by the Lord Chancellor of England, Lord Birkenhead, who stands to-day as one of the foremost and one of the youngest leaders in the public life of Britain.

The programme for France will, of course, include a stay in Paris which promises the utmost interest, for the arrangements are being directed by La Bienvenue Francaise of which Marshal Foch is President, and Prince Roland Bonaparte the vice-president. It is through their interest and influence and by the good offices of Madame Boas de Jouvenal the secretary general, that the University of Paris will extend the hospitality of the colleges during the stay in Paris.

NEWS AND NOTES OF THE MINES

Trail Shipments.

No. 1 mine of the Ainsworth camp appears on this week's shipping list issued from Trail by the Consolidated Mining & Smelting Company of Canada. The mine was credited with 78 tons of ore. Other shipments for the week ending April 14 were 84 tons from the Silversmith, of Sandon, and 7,929 tons from the company's mines.

WITH FAINT PRAISE

Alice and Virginia were discussing Gladys.

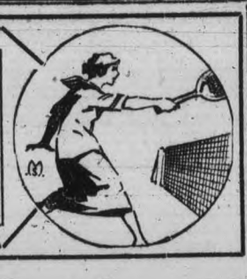
"You know Gladys Wade, don't you?" Alice asked.

"I've heard of her, but I've never met her," Virginia replied. "What sort of a girl is she?"

"Oh you'd like Gladys," Alice assured her. "She's one of these girls that would do anything in the world for you if you were her friend. Honestly, she is the best hearted thing."

"Gracious!" exclaimed Virginia. "Isn't she a bit pretty?"

The TIMES LATEST NEWS of SPORT



Firsts Beat Duncan In Hard, Fast Game

Presbyterians Show Plenty of Class and More Than Doubled Score of Up-island Quintette, Which Worked Very Hard—Champions to Play Vancouver

Gus McKinnon's fast-moving quintette of hoop artists carried the colors of the First Presbyterian Church to another notable victory on Saturday night when they slipped a 45-21 victory over the hard-working Duncan team. As a result of this win the Firsts are now champions of the Victoria and District Basketball League and will represent the Capital in the play-off against the Mainland king-pins for the B. C. pennant.

Close followers of the hoop game picked the Firsts to emerge from the tournament with all the glory. Without doubt they have the smartest team that has played in this city in years. In Webster they have a marvellous shot, while in Forbes and Whyte they have guards who are hard to score on. McKinnon as the other forward is a hard worker who scores very rapidly once he gets his eye on. He gave proof of this on Saturday when, in the second period, he scored four baskets in succession in two minutes. Little has everything a centre man should possess, being good under the basket and devoid of a slackness prevalent among most pivot men who like to loaf down under the hoop and let the forwards feed them.

Worthy Champions.

The Firsts are worthy champions. Much of their success is due to the war-horse of the hardwood floor, Bob Whyte. While Bob does not figure as a prolific scorer he is the mainstay of the team. Playing guard he checks vigorously and his dribbling rushes do more to demoralize the opposing team than anything else. Time and time again on Saturday night he went the length of the floor with various Duncan players taking a futile whirl at stopping him. Bob's passes are accurate and Webster is always capable of capitalizing them.

While Duncan put up a creditable showing on Saturday it could not be said that they were in the class of the Firsts. If Dirom, their big centre man, had been able to shoot quicker the score might have looked different, but nearly every time Whyte checked him before he could scoop the ball off the floor. In the second half when the Firsts had plainly established their superiority Bob let Dirom have several open shots right under the basket.

Checking Close.

The checking was very close at times and the play was rough as a result. With a championship at stake it was impossible for a kid-glove affair. Referee Cobley did not check the rough tactics soon enough and as a result the players did some heavy bodying, sometimes getting away with it and other times being pulled up. The Duncan team was pulled up more often, due to the fact that they were more crude in their way of returning good for evil. Duncan might have been given a little better treatment from the referee but it would not have changed the result.

The Firsts did not show any marked superiority in the first half, although they nearly doubled the score. Bill Hudson, the Firsts' spare man, who played in the opening half, was replaced after the interval by Norm Forbes. Hudson notched one basket while on the floor and it came at a critical moment and was a clean one from the middle of the floor. This basket put the Firsts in the lead and they were never headed.

In the second period the local boys clearly proved that they were in a class by themselves. Their combination was almost faultless and they took the ball in close before shooting.

A Great Rally.

Half way through the second half the Firsts were leading by 26-18. Then the signal went up for a rally and the black and gold players went dizzy and ran up points in rapid style. McKinnon came through with eight in a row, Webster shot two baskets, McKinnon another and Webster finished up with a basket and a free shot.

Webster was the high scorer of the evening, his total reaching 14. Little was second with 11 and McKinnon had 10.

Eddie Rutledge, the aggressive little Duncan forward, was the high-liner for the visitors with 11 points and A. Dirom followed with 6.

The teams were as follows:

First Presbyterians — Forwards, Webster and McKinnon; centre, Little; guards, Whyte, Hudson, and Forbes.

Duncan—Forwards, Rutledge and French; centre, A. Dirom; guards, J. Dirom and A. Evans; spare, E. Evans.

KINGSTON STREET TENNIS

Matches in the opening tournament of the season at the Kingston Street Lawn Tennis Club were played Saturday, in mixed doubles, ladies' doubles and men's doubles, and play will be continued during the present week, the intention being to complete this tournament by Saturday next. There was a good attendance of members Saturday, and a new clay court, the fourth now in play, was opened for the occasion. The tournament now in progress is played on the American system.

HITS FOUR HOMERS OVER THE WEEK-END

Williams, of St. Louis, Starts Out After Babe Ruth's Four-ply Record

Yankees Take Four Straight Games From Washington; Giants Doing Well

New York, April 24.—The New York Yanks made a clean sweep of their four-game series with Washington, winning the last game yesterday 3 to 0.

	R.	H.	E.
Washington	0	6	2
New York	3	8	1

Batteries—Zachary, Courtney and Gharrity; Hoyt and Schang.

Tigers Bunched Hits and Won.

Detroit, April 24.—Cleveland outhit Detroit yesterday, but the Tigers bunched their hits and defeated the Indians for the third straight time.

	R.	H.	E.
Cleveland	3	11	1
Detroit	4	7	1

Batteries—Coveleskie and O'Neill; Oldham and Bassler.

St. Louis Wins With Homer.

St. Louis, April 24.—A home run by Tobin, first man at bat in the tenth inning, gave St. Louis a 4 to 3 victory over Chicago here yesterday and an even break in the series. Williams, of St. Louis, and Mostil, of Chicago, also clouted the ball for circuit drives, this being Williams' fourth home run in two successive days.

	R.	H.	E.
Chicago	3	6	1
St. Louis	4	8	1

Batteries—Hodge and Schalk; Van Glider and Severoid.

NATIONAL LEAGUE.

Cincinnati, April 24.—Gillespie, the former Calgary pitching star, started the game for the Reds yesterday, but St. Louis hit him hard and Scott replaced him in the box, the Cardinals winning, 6 to 3.

	R.	H.	E.
St. Louis	6	13	1
Cincinnati	3	5	1

Batteries—North, Pfeiffer and Ainsmith; Gillespie, Scott and Wingo.

Giants Win Easily.

Brooklyn, April 24.—The New York Giants made the series three out of four yesterday by defeating Brooklyn, 7 to 3. Smith sent the Dodgers into the lead in the second inning by driving a homer over the fence with two men on, but could not hold the advantage.

	R.	H.	E.
New York	7	12	1
Brooklyn	3	7	3

Batteries—Nehf and Snyder; Smith, Sheriver and Miller.

Pittsburg Slugged Hard.

Chicago, April 24.—Pittsburg went on a batting rampage yesterday and pounded Chicago pitchers for 22 hits, winning the first game of the series, 14 to 3.

	R.	H.	E.
Pittsburg	14	22	3
Chicago	3	9	2

Batteries—Carlson and Gooch; Jones, Freeman, Kauffman, Steel and Hartnett.

New York, April 24.—Major League teams rounded into the third week in the season yesterday with the New York Yankees setting a merry pace in the American League, and the Giants and Chicago Cubs battling for the lead in the National. The Giants also were on top by a half-game in the National League yesterday, winning from Brooklyn again, while Pittsburgh handed Chicago a setback.

Both New York teams, backed by splendid pitching and heavy hitting are displaying the aggressiveness which carried them to the top last year. The Yankees especially have gotten off to a brilliant start, despite the absence of their slugging stars, Babe Ruth and Bob Meusel.

Waite Hoyt won his third straight game yesterday, blanking Washington, Bush, Shawkey and Jones round out one of the greatest pitching quartettes in the Major Leagues. Young Herman McMillan, incidentally, is making an impressive job out of filling the great Ruth's slugging shoes and is one of the season's finds.

Detroit Starts Going.

Detroit has shaken its losing jinx and yesterday scored its third straight victory over Cleveland, pulling the Indians down to a tie for second place with St. Louis. The Browns are coming back with a rush after a slump early in the week.

Vangilder won his third straight game yesterday while Left Fielder Williams hung up a home-run record for even Ruth to shoot at when he clouted out three Saturday and a fourth yesterday.

The White Sox, although losing yesterday, won four out of five games during the week. The Athletics dropped behind after an early spurt. Boston improved its standing, while Washington was beaten by the Yankees.

Cubs Going Great.

The Cubs, rated none too highly in pre-season dope, have been going great guns, and with Alexander displaying some of the best form of his career, the Chicagoans will have to be watched.

Pittsburgh, aided by some good pitching and better hitting has staged a real comeback after getting off to a poor start. The Pirates won their sixth straight yesterday, and moved up into third place. They were the only team last week to show a clean slate.

Although three teams are monopolizing the National League race now—Giants, Cubs and Pirates—its too early in the season to gauge the respective strength of the contenders. Philadelphia and St. Louis slumped last week, after a good start, while Brooklyn, Boston and Cincinnati found trouble hitting a winning stride. The Reds dropped their seventh straight yesterday

Dempsey May Tackle Wills in London

Cables Paving Way For Big Mix-Up

New York, April 24.—The possibility of Jack Dempsey and Harry Wills, colored heavyweight, meeting in a championship contest in London this Summer, loomed to-day on the strength of a cablegrom from George McDonald, English promoter.

According to Dia Dollings, English fight manager, now in New York, he received the following message last night from McDonald: "Can you get Wills to come to London to box Dempsey?"

Wills, when informed of the cablegram, announced he would be ready to leave on the first boat, but his manager offered no comment except to say he "could see no reason for leaving yet."

Dollings did not indicate whether he had sought a definite answer to McDonald's cablegram.

Dempsey, so far as known here, has not signed articles definitely for any match in connection with his present tour of Europe, although he has announced his willingness to meet Carpentier in a return match, or any other European contender.

B. C. Swimmers Go After More Races

B. C. Branch of C. A. S. A. Will Request Four Canadian Championships Be Allotted Victoria This Summer; Also Asks Next Annual Meeting Be Held Here and Local Officers Chosen; B. C. Championships Awarded.

British Columbia wants a better shake from the Canadian Amateur Swimming Association than it has had in the past. Last year two outdoor national championships were awarded to the Capital and this was the first time that the easterners had opened their hearts. This year, however, the provincial officials are going to ask the national body to pass favorably upon a request for four events. They will be the men's fancy diving, men's 200 yards, men's 100 yards and the relay race.

The annual meeting of the British Columbia branch of the C. A. S. A. was held here on Saturday night, when the swimming representatives went thoroughly into a number of very important questions. Vancouver was represented by Mr. Cann, who lent a great deal of weight to the discussion. For the first time an interior swimming club was represented by proxy, Penticton being the club.

Want More Championships.

The desire to have more Canadian championships on the Coast was aired by all representatives. They made it quite plain that it was unfair for the national body to always stage the championships in the East. This made it impossible for the coast athletes to compete owing to the heavy expenses.

Further more the B. C. branch will ask that the next annual meeting of the C. A. S. A. be held in Victoria and that the officers for the following year be from the Coast.

Just what concessions the East will make to all these requests will be awaited with interest.

An Injustice.

If the B. C. body can land three championships this season it will be quite satisfied. The province boasts some of the best sprint and distance swimmers in the Dominion and the officials believe that an injustice is being done these athletes through being barred each year by heavy expenses from the national events.

The British Columbia championships were awarded as follows:

Victoria Amateur Swimming Club—100 yards ladies and 440 yards men.

Vancouver Amateur Swimming Club—50 yards men's and 220 yards ladies'.

Varsity Swimming Club, Vancouver—100 yards men's.

Penticton Swimming Club—100 yards breast stroke men's.

Elks' Swimming Club, Victoria—10-foot fancy diving board, 220 yards men's and 200 yards senior relay race.

The Polo Championship.

In regard to the British Columbia polo championship it was decided to hold the event at the annual gala to be staged by the B. C. branch of the C. A. S. A. with the preliminaries being played at the regular club galas.

The whole question of water polo was gone into very seriously and it was decided to secure good referees.

A special referees' committee was appointed to examine all arbitrators. The committee consists of Mr. Hands, of Vancouver, and Charles Hopper and Stanley Warn of Victoria.

In order to improve the finances of the board it was decided that every affiliated club desirous of staging a gala should pay a two-dollar fee. In future a blanket fee of 50 cents will be charged for all gala, whether the swimmer wants to enter one event or all. The board will also take 10 per cent. of the gate receipts.

George I. Warren, the retiring secretary, and V. J. Dunn, the secretary, presented splendid reports on the past season, which were enthusiastically received.

Stan Warn President.

Stanley Warn, of the Elks Swimming Club, was elected president of the board for the ensuing year and Mr. Dunn was unanimously re-elected as secretary- treasurer.

C. P. R. BOWLING.

In a match on Friday night the E. & N. Freightmen defeated the General Office staff by 88 pins. M. Bass bowled high score for the Freightmen, 159, and T. E. Tebo with 155 for the General Office.

TAYLOR AND WILSON OBTAIN A BIG LEAD

Defeated Johnson and Fleager of Seattle; Victoria Team Wins Easily

Two notable victories were scored over the week-end by the Victoria Golf Club over the Seattle Golf Club On Saturday the Oak Bay golfers met a team of twenty-eight players from the Sound in the first half of the annual competition for the Biggerstaffe Wilson Cup. The locals obtained a very large lead, the final result being, Victoria 58, Seattle 20. This lead is almost sufficient to guarantee the locals victory. The second half of the match will be played in Seattle in the Fall.

Yesterday afternoon Phil Taylor the Oak Bay pro., and Biggerstaffe Wilson engaged in the first thirty-six holes of a seventy-two-hole match with Bob Johnson, the Seattle Golf Club pro., and Dixie Fleager. In the morning at the end of the first eighteen holes the locals were six up and in the afternoon they finished four up, making the score 10 up in their favor. The second half of the match will be played in Seattle at the same time as the competition for the Wilson Cup.

The scores in the Saturday match were as follows:

Seattle Golf Club.	1st 18	2nd 18	Game

LITTLE BETTING ON NEWMARKET CLASSIC

Two Thousand Guineas to Be Run Wednesday Reveals No Wagering Yet

Pondoland Is at Head of List in Derby With Odds Quoted at 9 to 1

London, April 24 (Canadian Press Cable)—Although the Two Thousand Guinea race, which will be the Newmarket feature Wednesday next, is arousing wide interest, there is unlikely to be any wagering until the day of the race.

Little light has been thrown on the three-year-old form this year, while owing to the drought of last Summer when the tracks were hard, last season's form is likely to prove deceptive.

Several animals with classic liabilities have run since the Lincoln but none has created a better impression than Lord Woolvington's Captain Cuttle, who spreadeagled the field in the Wooditton Stakes at Newmarket on April 5.

Probable Starters

Pondoland was beaten at the trial this week, but as nothing is known regarding the weights carried, not much importance is attached to this race. Probable starters in the Two Thousand Guinea race are:

Craigengower (Beary), Captain Cuttle (Smythe), Lembach (no jockey), Silphio or Stingo (Wheatley), Architect (Whalley), Doctor Quill (Lane), Schiehallion (no jockey), Baydon (Calder), Westwead (Shatwell), Weathervane (Bellhouse), Pondoland (Jones), Tamar (Bullock), St. Louis (Archibald), Southcroft or Wee Laddie (Carslake), Poisoned Arrow (Fox), Mullein (no jockey), Norseman (Donoghue), North End (Wragg), Sir Greysteel (Jelliss).

The Derby

London, April 24 (Canadian Press Cable) — The latest betting on the Derby, the great racing classic for three-year-olds, to be run at Epsom on June 1, shows Sol Joel's brown colt Pondoland, by Pommern, out of Goronli, installed at the head of the list, with odds of 9 to 1 against being quoted, after bets at 10 to 1 against had been placed.

Lord Woolvington's Captain Cuttle is quoted at 10 to 1 against, Sir Ernest Paget's Echo at 100 to 8 against, and Lord Astor's Tamar at 100 to 6, all taken and offered. Odds of 100 to 6 are offered against H. Salvon's Simon Pure and James White's Norseman, after 20 to 1 against had been taken. Lord Jersey's Scamp is quoted at 20 to 1 against and bets have been taken at these odds. Odds of 20 to 1 against His Majesty's Weathervane and Lord Queensborough's St. Louis are offered, while 20 to 1 against are taken and offered on Barclay Walker's Craigengower.

BISLEY TEAM IS SLICED IN HALF

Canada Will Send Twelve Men and One Officer to Bisley This Year

Ottawa, April 24.—The Dominion of Canada Rifle Association has decided to send a team of twelve men and one officer to the annual competitions of the National Rifle Association of Great Britain at Bisley, England, and the team will sail from Montreal on June 24. This is a reduction of about half the number usually sent, as the team in past years has consisted of twenty men and two officers. This money saved in reducing the team will be used in encouraging the attendance of teams from the provincial association in Canada to the D.C.R.A. prize meeting at Connaught ranges, Ottawa, August next.

The association has accepted a rule that may affect some of the older shots in future years. Hereafter the rule as regards eligibility for a place on the Bisley team will contain the restriction that no competitor will be eligible for a place on the team more than twice in five years. This has been adopted as an added encouragement to the junior marksmen who attend the prize meetings in Ottawa

AMATEUR BALL LEAGUE GATHERING TO-NIGHT

A very important meeting of the executive of the Victoria Senior Amateur Baseball League will be held to-night at 8 o'clock at 600 Belmont House. Every team in the league is expected to have delegates present at the meeting.

FOOTBALLERS TO HOLD MEETING TO-MORROW

The annual general meeting of the Victoria and District Football Association will be held on Tuesday, May 2, in the headquarters of the Veterans of France, at 7.30. All delegates are asked to attend, as officers will be elected for next year at this meeting.

Saturday's Games Settled Issue in First Division—Huddersfield and Arsenal Have Saved Themselves From Relegation — Preston Is Given Good Chance

London, April 24.—(Canadian Press Cable)—The most interesting event of Saturday's league football games was Huddersfield's six-to-nothing defeat of Preston, their cup tie opponents on next Saturday. This will make Huddersfield favorites for the cup, although after Preston's defeat of Tottenham, only a foolish prophet would belittle the chances of the Lancashire Club, particularly seeing that Preston was in a safe position in the league, and far from full strength in Saturday's match, whereas Huddersfield had every need of victory in order to avoid relegation.

All three of the top clubs in the first league were defeated, but Liverpool have secured the championship, thanks largely to their wonderful defence.

Burnley, having been beaten by Manchester City, who will be the runners-up, are still undecided as to position. Spurs still have the best chance despite their defeat of Saturday, while the Arsenal victory gives that team a splendid chance of avoiding relegation. They now have a one-point advantage over Bradford City. Everton saved themselves by drawing with Sheffield United.

Notts County To Go Up.

In the second division, it is still undecided what team will join Nottingham Forest in promtion to the First Division. Stoke, defeated at Nottingham Forest, are level with Barnsley, but have a match in hand with Westham, who are also in the running.

A desperate fight is proceeding among the teams at the bottom of the second league. Blackpool, Bradford and Bristol City are level on points, but Bradford have the worst goal average.

Plymouth, with one-point advantage over Southampton, at the top of the Southern section, third division, seem to have the best chance of promotion. Stockport County are sure of promotion in the Northern section.

Aggregate goals scored in league fixture Saturday were 107, Huddersfield were the top scorers. Only seven visiting teams won. Ten matches were drawn and twenty-six home teams won.

"HIGH" GIRLS LOOK LIKE B.C. CHAMPS

Defeated Famous St. Mark's Team Saturday, 13-12; Return Game Saturday

St. Mark's senior girls, champions of the Vancouver Sunday School League and B. C. Sunday School League champions, met defeat at the hands of Victoria High School five at St. Mark's gymnasium, Vancouver, on Saturday evening. The score was 13-12.

St. Mark's girls have carried off many honors on the mainland and were considered practicall unbeatable.

In the Sunday School League at Vancouver this season, they again won the top place. They also won many exhibition games, finally taking on the crack Varsity girls team whom they defeated by one point.

The Victoria High School girls have been waiting to tackle the St. Mark's five, and on Saturday they invaded Vancouver and played the Vancouver stars in their own gymnasium.

The game proved one of the fastest girls games ever played in the Terminal City.

Isobel Started Things.

Victoria opened the scoring when Isobel Crawford slipped in a beauty, but St. Mark's girls never allowed the High girls to gain much of a lead. Aileen Hall and Violet Stevenson scored some fine shots for St. Mark's.

Doris Grubb, Muriel Daniels and Florrie Gates each found the basket once, while Isobel Crawford came through with no less than seven points. Isobel's shooting was the feature of the game, her playing being or a high order all through.

Victoria led by one basket at half time but St. Mark's grew dangerous in the second period the game growing very fast and exciting. With the score 13 to 12 with only a minute to play it was anybody's game both teams exerting every effort to secure another basket. St. Mark's, however failed to break away from the local guards, Dorothy Melville and Florrie Gates checking very well.

St. Mark's girls have won eighteen straight games this season and have only had eight points scored against them.

Deserve Credit.

Victoria High School girls deserve great credit for their showing thirteen points being a remarkably fine total against a team with such a record as St. Mark's.

As these two teams are regarded as the two fastest teams in the Province the winners can claim the British Columbia open championship.

A return match will be played in Victoria on Saturday evening in the V. U. A. C. Hall, Broad Street, and should provide the fastest and best exhibition of girls basketball ever witnessed in the city.

The teams:

Victoria High School—Isobel Crawford, Doris Grubb, Muriel Daniels, Florrie Gates, Dorothy Melville and Jeanette McQueen.

St. Mark's, Vancouver — Violet Stevenson, Thelma Raper, Aileen, Hall, Dot Gillespie and Doris Shorney.

Tennis Goods—Our Big New Stock Is Now Completely Assembled

Come In and Inspect Our Values

If you are the secretary of a tennis club, if you are an expert player or just a beginner, you will find much to interest you in this great display of tennis equipment.

Racquets, Presses, Balls, Nets, Posts, Court Markers—everything that you can possibly require is here in dependable qualities and at very reasonable prices.

We restring tennis racquets. Leave yours in the morning and have it back in the evening.

DOG SHOW PROVES A GREAT SUCCESS

Over 140 Dogs Exhibited in Parlor Show Saturday; Several New Canines

Over 140 dogs, representing twenty-seven different breeds, were exhibited at the parlor show held by the Victoria Kennel Club at McCloy's Auction Rooms on Saturday night. Dr. J. E. Sleeth, V.S., of Vancouver, acted as the judge and gave general satisfaction.

The show attracted many fanciers, and several classes of dogs were exhibited for the first time, including a Prince Charles Spaniel, a bloodhound and a Cairn terrier.

Pointers were well represented in the sporting breeds, and bulldogs were the largest entry in the non-sporting section.

The show was well attended and was a success from every point of view.

Prizewinners can obtain their prizes from Bert Pritchett, the secretary.

The Winners

The prizewinners were as follows:

Special Awards.

Best in show—1, Mrs. Graham-Graham, Scottish Terrier, Dirk; 2, W. A. Forbes, Cocker Spaniel, Strathesla Performer; 3, Mrs. Poyntz, Pomeranian, Dixie.

Best pup in show—1, Mrs. Poyntz, Pomeranian, Dixie; 2, Mr. Mercer, Wire Terrier, Burbon Dow; 3, B. Pritchett, Bulldog, Vectis Verona.

Best Airedale—Mr. McLean, Geelong Rush.

Best Terrier—Mr. Mercer, Buxton Don.

Best Bulldog pup—Mr. B. Pritchett, Vectis Verona.

Best Smooth Terrier—Mrs. Hughes, Filey Phycho.

Best Pointer pup—Mr. J. Meldram, Star.

Boston Terriers.

Puppy Dogs—Peter, Mrs. Dickson.

Puppy Bitches—Roxy, Miss Pettigrew.

Open Dogs—Paddy Spider, Miss Estlin.

Open Bitches—Tiswilde Trinket, M. E. McVicker.

English Bulls.

Puppy Dogs—Victoria Beauty, J. Day.

Puppy Bitches—Vectis Verona, B. Pritchett.

Open Dogs—Pacific W. Rascal, A. G. Carmichael.

Open Bitches—Betty, Mrs. Barker.

Bull Terriers.

Puppy Dogs—Bing, Dr. Holden.

Cocker Spaniels.

Puppy Dogs—Peter, Dr. Garesche.

Puppy Bitches—Patricia, F. Smith.

Open Dogs—Strathisla Performer, A. W. Forbes.

Open Bitches—Strathisla Queen, A. W. Forbes.

Springers.

Puppy Dogs—Blanchard Quail, J. Potts.

Puppy Bitches—Peggy, Miss B. Genzer.

Open Dogs—Sportsman, H. Jones.

Open Bitches—Peggy, Miss B. Penzer.

Retrievers.

Puppy Dogs—Bob, J. S. Hickford.

Open Dogs—Hilliers Marquis, Mr. Roskelly.

Collies.

Open Dogs—Langford Laddie, E. C. Colborne.

Open Bitches—Sylfaen Shephredess, E. J. Mann.

O. E. Sheep Dogs.

NEWS IN BRIEF

Jubilee Women's Auxiliary.—The monthly meeting of the Women's Auxiliary to the Jubilee Hospital will be held at the Nurses' Home on Tuesday at 2.30.

To Give Cantata.—The sacred cantata "Under the Palms" will be rendered by the Columbia Anglican and Strawberry Vale Methodist Churches' choirs on Tuesday evening, commencing at 8 o'clock.

"From Tokyo to Pekin."—An illustrated lecture by Dr. John Saunby will be given on Wednesday at 8 o'clock in the schoolroom of St. Columba Church, Oak Bay, under the auspices of the W. M. S.

Preparing Pageant.—St. John's Girls' W. A. are preparing a pageant based on "Our Church at Work" in Canada, and overseas, to be presented in St. John's schoolroom, Mason Street, on Tuesday evening, May 2 at 8 o'clock.

Khamis Will Speak.—The Young People's Society of the Emmanuel Baptist Church will hold their weekly meeting to-night at 8 o'clock. The Rev. Joshua Khamis, of Baghdad, will speak on "Turkish Persecution in the Near East." A musical selection will be rendered during the evening.

Benefit Whist Drive.—Court Maple Leaf A. O. F. will hold a whist drive for the benefit of a distressed member to-night at the A. O. F. Hall. Good scrip prizes will be given, also a special prize for the highest score. The game will commence at 8.45.

British Israel Association.—The British Israel Association will meet in the Reformed Episcopal Church Schoolroom, Blanshard and Humboldt Streets, on Tuesday, April 25, 7.45 p. m. Subject, "England, the Church, and the Bible," illustrated by some 200 slides.

Sons of Canada.—The Native Sons of Canada, Victoria Assembly, will meet at the K. of C. Hall, 904 Government Street, at 8 o'clock Thursday evening, when a large number of new members will be enrolled. Arrangements are being made for the holding of a banquet on Tuesday, May 2.

Tag Day Netted $930.—Saturday's street collection in aid of the Jubilee Hospital netted the sum of $930.86, and the Women's Auxiliary wish to express their sincere thanks to the generous public, the taggers and to the following officials of the Bank of Montreal for counting the money: Messrs. F. R. Wilgress, A. G. Williams, Misses M. Creech, C. Heyland, M. G. Hadley, R. Bickle and A. Stuart Robertson.

May Day Entertainment.—An excellent programme is being arranged by the Ladies' Guild of St. Columba Church, Strawberry Vale, commencing at 8 p. m., on Monday, May 1. Maypole and fancy dances will be given by the Sunday School children and various vocal and instrumental numbers will be rendered by favorite artists. There will also be a sale of work and an ice cream stall for the children.

St. Saviour's Musical Tea.—St. Saviour's Young People will hold their musical tea, which had previously been postponed on Saturday, April 29, from 3 to 6. During the afternoon a number of orchestra selections will be played, of which full particulars will be made following the regular meeting on Tuesday night, when the committee will have completed all necessary arrangements. In addition there will be candy and home cooking stalls in attendance.

Victoria, Lodge, No. 1, I. O. O. F.—The First Degree will be conferred at the meeting of this lodge this evening on three candidates, and the attendance of the members is cordially invited. Their attendance is also requested on Wednesday evening next at the meeting of Columbia Lodge, No. 2, when the one hundred and third anniversary of the order will be celebrated. The Initiatory Degree will be conferred during the evening by a staff of veteran Past Grands who passed the chair prior to 1900. An interesting meeting is anticipated.

Salvation Army. — The young people will give an interesting flower service in the Citadel this evening at 8 o'clock. The programme will include: "An Easter Bouquet," Primary; vocal solo, Miss Buckingham; "Easter Joy," Master Teddy Bailey; tableau, S. S. Scholars; drill, "Easter Bells," B. O. L. Girls; "God's Garden," Y. P. L. members; piano solo, Miss H. Smith; selection, Songster Brigade; "The Hallowed Cross," Teen Age Girls; vocal solo, Miss L. White, and "Voices of Easter," Five Songsters.

Ignored Blue Laws.—The application of Victoria's blue Sunday laws received a rude jolt yesterday when a pullet owned by H. J. McCain, of Elford Street, without being checked by the police, laid an egg which, although the claim may be disputed, is said to create a new record in egg sizes. The following dimensions of the egg would indicate that the hen put in a strenuous day: weight, 5½ ounces; length, 2 15-16 inches; diameter, 2 5-16 inches; greatest circumference, 8½ inches; shoulder circumference, 7 3-8 inches.

Will Meet.—A social meeting of the British Campaigners' Association will be held at the A. O. F. Hall tomorrow evening.

On Visit Here. — Mr. Douglas Ewing, of the Postal Telegraph Department, Seattle, is the guest of his sister, Mrs. G. F. Cook, 528 Constance Avenue, Esquimalt.

Y. P. Will Hold Social.—The Young People's Forum of the Metropolitan Church will hold a social evening in the Sunday School to-night, commencing at 8 o'clock. A splendid programme has been arranged, and an enjoyable time is assured all who attend.

Hear From Ottawa.—A request to Ottawa for a board of arbitration to settle the wage differences between the Saanich Protective Employees Association and the council of that municipality was answered in a reply received by the Association over the week-end. The organization is requested to ask the council to agree voluntarily to an arbitration of the matter. The council has been similarly informed, it is understood.

Pageant at Grace Church.—The Missionary Pageant, "Striking of Canada's Hour," will be given at Grace English Lutheran Church, Blanshard and Queens Avenues, this evening at 8.15 o'clock. The Programme follows: organ voluntary, Prof. J. T. Fliteroft; opening address, Rev. P. E. Baisler; vocal solo, Mrs. Geo. Murray; recitation, Mr. James Walker; vocal solo, Mrs. J. G. Green; vocal solo, Mrs. Leach; selection, Miss Laura Green; solo, Mrs. Murray. The pageant will include a cast of about fifty, a number wearing the native costumes of the nations which are summoned to judgment at the bars of brotherhood, justice and liberty.

To Hold Cabaret.—Ward Four Liberals have just completed all arrangements for the cabaret, which will be held in the Liberal Club, Wednesday evening, commencing at 8 o'clock. A splendid programme has been prepared in which some very popular artists will assist, namely: Miss Ivy Holt, contralto; Mrs. F. Knight, soprano; F. W. Francis, tenor; George Ingledew, comic singer. Miss H. Margetts will act as pianist. A number of other items will also be arranged for. Tables will be set for one hundred, and tickets, which are on sale at Hall & Son, 643 Fort Street, are limited to that number. For those who do not care to dance, accommodations for card-playing will be arranged.

Spring Musicale. — The young ladies of the First Presbyterian Church have arranged to give an attractive Spring musicale at the lecture hall on Tuesday evening. There will be a bevy of little girls dressed as daffodils, who will dispose of choice Spring flowers. Refreshments will be served. The following will supply the programme: Mesdames Styles-Sehl, Lewtas, Miss May Middleton and Messrs. Robert Morrison and F. W. Francis, vocal selections; Miss Belle Eilers and Miss Gladys Davies, a pupil of Miss Eilers, elocutionary numbers; Harold Davis, piano numbers. Mrs. Charles Conyers will act the part of accompanist.

Concert Well Patronized.—Over 1,500 patronized the community concert at the Drill Hall on Saturday evening, when the band of the Fifth Regiment, C. G. A., gave an excellent programme. The First Presbyterians and James Bay basketball teams battled to a close finish, the First Presbyterians leading by a narrow margin. The score was 17-14. Harold Ryan refereed. Following the usual promenade band concert, dancing took place. The members of the 12th Siege Battery organization indulged in a swimming event, while the pool was thrown open to the public later.

Victorian Sponsors Club.—A Gyro Club has been inaugurated in Halifax, with a Victorian as sponsor, in the person of Robert D. Harvey, a member of the Gyro Club of this city. "Bob" Harvey is attending Dalhousie University law school. The Halifax Gyro Club has already 44 members, and its sponsor is now on his way to the international headquarters at Toronto with a charter application for the new club. "Bob" Harvey will come on to Victoria to visit his home here, after completing the charter formalities at Toronto. The Halifax press comments favorable on the fact that it was a citizen from the furthest west point in the Dominion that started the Gyro movement in a city on the Atlantic seaboard.

PLAN TO HOLD A RETURN EXCURSION

Victoria and Bellingham Propose Celebrations

The Chamber of Commerce is anxious that Victoria should be well represented at the big excursion which will be run on Friday, May 5, to Bellingham to attend the Tulip Festival. The C. P. R. has assigned the palatial steamer Princess Louise for the excursion. It is safe to say that well over 1,000 people will go from Victoria.

George I. Warren, managing secretary of the Chamber of Commerce, asked if it would not be possible for Bellingham to pay Victoria a return visit. At to-day's meeting of the directors the welcome news was given out to the effect that negotiations were afoot by Bellingham residents to secure a suitable boat to make the excursion to Victoria on May 24.

For Rose Festival.

Through the Chamber of Commerce, Victoria has been asked to send a floral float to take part in the Portland Rose Festival, which will be held June 7, 8 and 9. The city should receive a great deal of favorable publicity through this medium, it is felt, and the directors of the Chamber are grateful for the kindly suggestion. The communication from Portland asks for details of the Victoria-Anacortes motor car ferry service and other features which will be given publicity in Portland.

Announcing a Return Engagement of

Mde. Yolanda Mero

In a Joint Recital of Pianoforte Music With

Mrs. Gertrude Huntley Green

EMPRESS HOTEL, WEDNESDAY EVENING
APRIL 26TH, AT 8.15

AT her recital last Friday evening, Mde. Mero entertained with a feast of music such as few audiences in Victoria have been privileged to enjoy. On that occasion, Yolanda Mero drew from the instrument of her choice—the Steinway & Son's Concert Grand Piano—tone colors of such exquisite beauty that not a single person in her huge audience could fail to be impressed with her masterly skill and brilliant technique.

Mrs. Gertrude Huntley Green, who will appear with Mde. Mero in joint recital on Wednesday evening, requires no introduction to a Victoria audience. Her interpretation of the pianistic art places her in the forefront of Canadian artists.

In order to avoid disappointment early reservation of seats is desirable. Tickets are now on sale at this store. Prices, $2.00, $1.50 and $1.00 (tax 10% extra).

Two Steinway Concert Grand Pianos Will Be Used at This Recital

BRIDGE WORKER LOST LIFE ON CITY CONTRACT

First Fatality on Johnson Street Bridge Contract

Missing since March 25, the body of the late Vincent John Haile was found by the police this morning at the foot of Johnson Street, in the waters of the Inner Harbor. Haile had been working on the bridge contract as a cement man, and was missed after quitting work on Saturday, March 25. The body was sighted late last night, but the police could not locate the remains until daybreak. The body was very badly decomposed.

Haile is presumed to have fetched the cement, missed his footing and was carried down below the surface of the water by the cement before he could release his hold. Dragging failed to disclose any object at the time.

On Saturday night a dark object was seen floating on the surface near the bridge site. Constables Raines and Ireland recovered the body this morning early and took the remains to the B.C. Funeral Parlors. Coroner E. C. Hart was notified, and an inquest is to be held to-day at 4 p.m. at the B.C. Funeral Parlors.

The victim of the tragedy was thirty-one years of age and born at Gamage Court, Gloucester, England. He was unmarried and had been in this city for two years. A married sister, Mrs. H. Harding, resides at 400 Culdithel Road, Saanich, while two sisters and a brother reside in Gloucestershire, England, Mrs. R. Phillips, Miss E. Haile and C. Haile. The funeral will be held to-morrow at 2 p.m. from the B.C. Funeral Parlors.

KUMTUKS HEAR OF WORK OF Y.W.C.A.

Miss de Wolfe Speaker at To-day's Luncheon

The aims, objects and history of the Young Women's Christian Association were described in interesting language to the Kumtuks Club at its luncheon to-day by Miss C. de Wolfe, general secretary of the local branch. Tracing the history of the Association from its formation in England in 1859 Miss de Wolfe reviewed its rapid growth. She gave a brief resume of the progress and activities of the local organization since its inception in 1893 and urged the need for adequate recreational and headquarters facilities here. The speaker appealed to the members of the Club to support the "birthday party" which the Y is planning to hold on June 7 and 8.

Correspondence read at the luncheon included a warm acceptance from the Rotary Club of the invitation to hold a joint luncheon at the Empress Hotel, the date of which will be announced shortly. It was announced that the Kumtuks Club will meet again at David Spencer's for luncheon on Monday next, May 1, when Miss Kathryn Bradshaw will give an address on the British North America Act.

The Club passed a standing vote of sympathy to the family of the late ex-Mayor Robert Porter.

Ward Five Liberals.—A "Membership" social will be given by Ward Five Liberals at the Liberal Club on Friday evening of this week, the object of the affair being to build up membership in the ward, and to increase interest in the ward work. All those who are interested in joining the ward organization are requested to reserve Friday evening for the affair. Five hundred will be played from 8 to 10 o'clock, followed by dancing. The ladies of the ward will serve refreshments. There will be no charge for admission, but all members are requested to be prepared to pay the regular annual membership fee of one dollar.

"I never thought running a car cost so little"

That's what many folks say when they learn that the average cost of operating an Overland is only $4 weekly—the price of a couple of theatre tickets. Reckoning 5,200 miles a year, here are the items of the average Overland driver's expense for running his car a week:

Gasoline (4 gals.) at Toronto price	$1.46
Oil (1 pint)	.25
Distilled water for battery, and grease	.08
Tires	1.00
Incidentals	1.21
Total	$4.00

CROP REPORTS FAVORABLE TO-DAY

(By Burdick Bros., Ltd.)

Chicago, April 24.—After opening firm and touching the high point of Saturday, there was general selling in the wheat market and May wheat at the close showed a loss for the day of 3 cents from the high point. Crop reports were more favorable from the Southwest and reports that Kansas City was shipping wheat to Chicago to fill the May wheat. This gave the trade a bearish sentiment that prevailed throughout the session. The close was steady and under pressure.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, April 24.—With trading limited and of a spasmodic character, the wheat market was dull and featureless during most of the session to-day. The market was easier throughout, although there was a slight recovery from the low points during the final hour. After droppin to 141½, May reacted and closed ¼ lower, while July touched a low of 138¼ and closed 1¼ cents lower.

Montreal reports that elevator is two-thirds filled with Canadian grain and that with navigation just opening there is no demand.

Lake shipments for the first week of navigation were the smallest in many years.

The coarse grains were very quiet and prices were all lower. An easier tone prevailed in the cash markets. Nos. 1 and 2 Northern wheat were in demand. Offerings were comparatively light, but farmers were reported to be fair sellers. Premiums were unchanged to fractionally lower. Inspections totalled 235 cars, of which 105 were wheat.

C.P.R. REFUSING MORE AID, BRIDGE ISSUE AT CLIMAX

Mayor Asks Definite Action by Council To-night; Premire Seeks Advice

The Johnson Street Bridge tangle reached a climax to-day when the Canadian Pacific Railway Company flatly refused to advance more than its original contribution of $100,000 towards the project and Mayor Marchant announced that he would ask the City Council to-night to take some definite action to clear up the present situation.

While the Mayor was busy preparing the way for a definite action by the Council to-night Hon. John Oliver laid before his legal advisers the City's recent request to increase the original Bridge By-law by $110,000 to cover the surplus cost of the bridge. Simultaneously officials of the City Engineer's Department gave out new figures to show why the bridge costs exceeded their original estimate and to do away with the erroneous impression created by slightly inaccurate figures which the Mayor compiled Saturday.

The refusal of the C. P. R. to increase its contribution to the bridge costs is contained in a letter which the Mayor received to-day from C. C. D. C. Coleman, Vice-President of the Railway Company. The Mayor stated, on receiving this letter, that he would continue, nevertheless, to press for a larger contribution from the C. P. R.

The real facts of the bridge situation, which has been clouded in a mass of figures, statements and contradictions for a week, were made clear at Mr. Preston's office to-day from figures compiled by Mr. Preston, who is confined to his home by illness.

The original estimate of the cost of the bridge sub structure, it was explained, was $171,000. The actual cost, however, was $239,000. The reasons for this increase, it was stated, were:

(1) In order to eliminate one bridge span the design of the sub structure was altered and the cost thereby increased, after the original estimate had been made.

(2) The Canadian Pacific Railway Company objected to the original plan of building the bridge on columns and urged the installation of solid piers. This plan was put into effect and raised the costs considerably.

(3) The Canadian Pacific Railway Company, by throwing the onus of protecting the old bridge upon the City, made it necessary for the City to build the sub structure in two sections, this change also raising costs.

The steel work of the bridge, under the original estimate, was placed at $425,000 and now it will cost $481,000. The original estimate was based on the estimate of the Strauss Bridge Company, which designed the bridge superstructure. The reasons for the increase in the cost of the steel work, as given out to-day are:

(1) The fact that the steel weights fixed in the original estimate by the Strauss Company were far under the actual weights required:

(2) As the bridge had to be built in two sections and the railway tracks laid for a time on the traffic side of the structure, it was necessary to increase the weight and strength of the traffic side. This increased the cost.

(3) If the two sections of the bridge had been built at once bridge companies undoubtedly would have tendered relatively lower for the whole job than for separate sections of it.

Other Expenses.

On the other hand, it was explained to-day, the cost of the bridge approaches has been cut from $36,000 to $34,000. The original estimate for engineering expenses, legal expenses and for loss and sale of debentures was $30,000. Now it is $40,000. The loss of some $20,000 on the sale of debentures, however, cannot be justly charged to the Engineer's Department, it was asserted.

In the estimate $110,000 for completing the bridge, land costs are fixed at $25,000 as against $40,000 in the original estimate. In addition, there is a sum of $10,000 for contingencies.

While the Mayor adheres to his scheme for paying surplus bridge costs out of current revenue, Alderman A. E. Todd, chief critic of the whole project has come out with a plan whereby a new bridge by-law would be laid before the electors.

The Todd Scheme.

Alderman Todd's resolution which he will move to-night, follows:

"Whereas, at the meeting of the City Council on the 20th inst., the reported excess cost of the Johnson Street Bridge was considered, and it was decided to ask the Provincial Government, either by Order-in-Council or by enabling legislation, to increase the amount of the original by-law, by $110,000.00, making a total of $530,000.00;

"And whereas, it is not desirable that there shall be unnecessary delay in awarding the contract for the railway portion of the superstructure and as it is not known whether the Provincial authorities will authorize the course mentioned above, it is well to be prepared with an alternative;

"Be it resolved that, to provide an alternative which can be proceeded with if the reply from the Government should be unsatisfactory, that the City Solicitor be instructed to immediately prepare for submission to the ratepayers a by-law, increasing the original Johnson Street Bridge by-law by the sum of $110,000.00;

"And that, in the event of the reply from the Government not being satisfactory, that the Mayor be now requested to call the City Council together, in special meeting, to deal with the preliminary stages of the said by-law, with a view to submitting the by-law to the ratepayers at the earliest possible date."

Three Important Features

to be sought in an investment are security, fair yield and a convenient method of collecting interest.

Canadian Government and municipal bonds possess these three qualities.

The security is of the highest grade, coupons are promptly cashed, and the yield ranges from 4.85 to 6.75 per cent.

Details of our offerings will be mailed upon request.

BERT LYTELL IS STAR AT CAPITOL

Double Bill Offers Special Features This Week

Teaching a dog new tricks has a decided element of uncertainty, in it as Bert Lytell found out when going through a scene with Grabbit, a prize bulldog, for his latest production for Metro, "Alias Ladyfingers," now playing at the Capitol Theatre.

Grabbit acquired his name because of his efficiency in handling a well-developed set of teeth which he has used to camera advantage in a number of picture productions.

For his appearance in "Alias Ladyfingers," the dog had been selected by Bayard Veiller, directing the production, to play a part that involved the use of a chicken. With the aid of the dog's owner, the scene was rehearsed a number of times until Mr Veiller pronounced his performance of capturing the chicken perfect.

With Lytell and his company all set for the scene, Mr. Veiller called "Camera!" and the action began, with everything running smoothly as in the rehearsals until it came time for Grabbit to register.

The prize bulldog had just finished a comedy role in his previous picture, in which he had the enjoyment of chasing the comedy villain, catching him by the seat of the trousers, and holding him until the arrival of the police. Evidently the two parts became confused in the dog's mind, for when the educated canine started in for his action in this scene he rushed for Bert Lytell, inserted his teeth in a baggy portion of his trousers and carried away a large section of that immaculately clad gentleman's most important garment.

"Alias Ladyfingers" was adapted for the screen by Lenore J. Coffee from the story by Jackson Gregory. The photography is by Arthur Martinelli; A. E. Freuderman is art director. An engagement of more than usual interest is that of Florence Rogge and Leon Leonidoff, dancers, late of the Russian Imperial Ballet. Their dance selection entitled "Sweets" will be found to be one of the most charming presentation offerings imaginable. Both celebrated artists come to Victoria direct from the Capitol Theatre, New York, where they played for eight months and have likewise met with enormous success over the entire Capitol circuit. They will appear at the de luxe shows only.

In place of Creatore at the Capitol this week, Florence Rogge and Leon Leonidoff, dancers, late of the Imperial Russian Ballet, will appear in their specialty novelty dances.

FOREST FIRE THRILL IN VARIETY OFFERING

The audience sat spellbound last night during forest fire scenes that flashed on the screen at the Variety Theatre during the presentation of "Heart of the North."

Tense situations and scenic splendor and atmosphere, made a most vivid impression. The scenes of this red blooded photoplay, directed by Harry Revier, are laid in the Canadian Northwest.

An impromptu bucking horse event lent considerable excitement to the making of Douglas Fairbanks's new picture recently when one of the mounts took exception to his mediaeval rider and tried to get out from under him in true western fashion It happened, however, that this knight was an ex-cowboy, and although the horse made it interesting for him he managed to stay on board in spite of his 24-foot lance, his cumbersome shield and his heavy armor.

Emmett J. Flynn, who has been directing "A Fool There Was" at the Fox California studio, is nearing the end of the picture, and declares he has a dramatic treat Flynn, although one of the youngest directors in the business never has made a failure.

AMUSEMENTS TO-DAY

Capitol—"Alias Ladyfingers."
Dominion — "What Do Men Want?"
Variety — "The Heart of the North."
Royal—"The Silent Call."

LOIS WEBER IS DOMINION STAR

"What Do Men Want?" Is Feature Offering

Opinions may vary as to what constitutes the greatest possession of man or woman, but in "What Do Men Want?" the great American drama of the hunt for happiness, Lois Weber, the author and producer, gives a startling definition of man's wants and woman's desires.

The hunt for happiness, the big theme in this powerful photodrama concerns every man and every woman in every town and every city in this country. Happiness, that intangible something that millions and millions of women spend years groping and hoping to attain, comes only with understanding.

In every large city the newspaper stories of divorce and separation give proof that women do not understand men, and that men do not understand themselves. Lois Weber understands both, and in "What Do Men Want?" she supplies the answer to the biggest problem in the life of every woman of to-day. And she supplies it in a series of soul-stirring events that you will never forget.

"What Do Men Want?" is a big picture, with a big theme that men and women in all walks of life will want to see. It is a bigger picture than "Where Are My Children?" "The Price of a Good Time" and other successes that have made Lois Weber famous as a producer of pictures that entertain and moralize.

When interviewed yesterday regarding the early showing of "What Do Men Want?" in the Dominion Theatre, Manager Robertson stated that movie fans of this city who see this great American drama of the hunt for happiness would confirm reports from other cities that Lois Weber has produced her masterpiece.

"THE SILENT CALL" IS ROYAL FEATURE

"Man Trained Dog and Wolf Instinct Examined

Ever since Jack London created the demand for outdoor animal stories with "The Call of the Wild" and the motion picture has become a general form of entertainment, fans have been asking why the producers of motion pictures should not bend their energies to satisfying this demand on the screen. They have satisfied it and done it plentifully in "The Silent Call," a production distributed by Associated First National Pictures, Inc., which came to the Royal Victoria Theatre to-day, for a six-day run.

The story is one that will satisfy the heart of every one who feels in him the unquenchable tugging of nature. There's a vista of mountains upon mountains. There's an abundance of outdoor life. There's romance and action and finally—there's Flash. Flash, we are told is a Belgian police hound with a meritorious Red Cross service record who was selected as a motion picture star only after all competitors had been eliminated.

The story brings out the dual nature of man-trained dog and wolf in the canine. Clark Moran, the hero of the picture, arouses the enmity of Brent by saving Flash chained to a post, from a beating at the latter's hands. The primeval streak in the dog cropping out he tears himself loose from civilization and mingles with the wolves of the hills, selecting as a mate, Nayhee, a full-blooded wolf.

The acting of this canine star is almost uncanny as he jumps to his cues, bristling at the sight of Ash Brent, the man he is supposed to hate, and bringing together Clark Moran and the girl of his choice. And after all there's a moral for the dog in it, because he finds, in his brute analysis, that man is the inevitable tie to which he must bind himself by nature.

To H. O. Davis, who presents the picture, Jane Murfin, who adapted the story, and Laurence Trimble, the director, considerable credit must go for taking this bold step into the realm of outdoor animal motion pictures. It's a real story, such as would tend to indicate that motion picture producers are waking up to the fact that this element of appeal is shared by thousands of film fans throughout the country.

One of the most remarkable members of the cast for Douglas Fairbanks' new picture will be a bird—a falcon which arrived at the studio early this week after a 6,000-mile journey from London.

The bird's name is Minerva. She was purchased for $250 and the cost of insuring her with Lloyds for the passage was over $50.

To Play Here Again on Wednesday

MME. YOLANDA MERO

Mme. Yolanda Mero, the noted Hungarian pianiste, who charmed Victoria music-lovers with her recital in the Empress Hotel ballroom on Friday evening, will be heard here again on Wednesday evening at 8.15 in joint recital with Mrs. Gertrude Huntley Green, the local pianiste.

Mme. Mero was a great artist when she first came to America a matter of ten years ago. A Hungarian, she seethed with the fiery temperament of her race and in certain styles of music she would simply sweep an audience of its feet with the glowing vigor which characterized all that she did. The ten years spent in America brought a ripening of her remarkable talent, which placed her in more complete control of the elemental forces which fill her soul, gave repose where there had been too much unrest and polished and developed her musicianship to the last degree. Honors were heaped on her beyond all imagination.

From a technical point of view she is a complete mistress of her art. Technique is a quality which of late years has come rather to be taken for granted, and it is true that the fact that a pianist can play a certain piece more swiftly and with less mistakes may indicate that he mastered the mechanics of his art. But the end of technique is tone and color, and no matter how swiftly and correctly one may play, if the singing quality of the tone is not there, if the artist has not an infinite number of colors on her tonal palette the technique is at fault.

It is one of the most frequent comments on Mme. Mero's playing that she draws from her instrument a tone of most exquisite quality and that she can color her tone through her manipulation of keys and pedals as very few artists can. She paints her canvas, as it were, with the skill of the most gifted colorist, and through it all the important line is ever present.

Helen Raymond, whose beauty has adorned both screen and stage, has an important role with Shirley Mason in her new picture, "Very Truly Yours."

NOTABLE PLAY HERE NEXT MONDAY

"Mr. Pim Passes By" to Be Presented by U. B. C. Players Club

The Spring performance of the University of British Columbia Players' Club this year is a charming comedy of English life. The author, A. A. Milne, was formerly editor of "Punch" and it is the first time that the Players' Club has had the privilege of staging the Western American premiere of a very recent play "Mr. Pim Passes By" has lately been very favorably received by the patrons of theatres in New York and London.

George Marden, a self-satisfied cultured Englishman, will be played by J. Clyne. Mr. Clyne is a well-known member of the Players' Club, and took the part of Mr. Maw, solicitor in last year's performance, "Sweet Lavender." Olivia, the wife of George Marden, is a woman without standing qualities of character. Imperceptibly she causes the opinion of her somewhat pompous husband to turn until it coincides with her own.

Miss Betty Somerset, who is to play Olivia, is a recent arrival at the University, having formerly attended Radcliffe College, Cambridge, Mass. She has already displayed considerable talent in one of the last Christmas playlets, "The Pot Boiler." Dinah is a determined young lady who knows what she wants, and sees that she gets it. Dinah is portrayed by Miss Georgina McKinnon, who clearly demonstrated her ability as an actress in the Christmas tragedy "Ile," taking the part of Annie Keeney. Mr. Wells Coates is taking the role of Brian Strange, a talented young futurist artist who is much in love with the vivacious Dinah Mr. Coates will be remembered as the irascible playwright, Mr. Sud, in the Christmas farce, "The Pot Boiler." Mr. Pim, an innocent, quiet little spectator upon whom the final solution of the plot devolves, is impersonated by Mr. Neil McCallum another well-known member of the Players' Club. Mr. McCallum was the sheriff in last year's playlet "Trifles." Lady Marden, an aristocratic, conventional person, is ably represented by Miss Kirsteen Leveson. Miss Leveson is one of the most experienced and talented members of the Players' Club, and has taken a prominent part in the last two Spring performances, "Green Stockings," and "Sweet Lavender." In the former she was Lady Trenchard and in the latter played to perfection the part of Mrs. Gilfillian. The part of the maid will be played in turn by Miss Isobel Miller and Miss Muriel Evans, who have appeared in past successes of the club, and by Miss Dorothy Holmes, a newcomer from Victoria

Harry Beaumont and his megaphone are still busy with Fox, the director having started his second picture with Shirley Mason.

BERT LYTELL

Opening a Treasury of Thrills in His Latest and Most Engrossing Production

The story of a young man who started life with an excellent technical education of the wrong kind. Under the tutelage of "English Harry" he had had occasion to crack more safes than books, until he met a certain girl, with straightforward eyes "Alias Ladyfingers" couldn't forget, and didn't want to. The story of Bert Lytell's latest picture is like those eyes —you'll not forget it, or wish to.

C.P.R. BOATS HOLDS RECORD FOR THROUGH SILK MOVEMENT

The big silk cargo brought across the Pacific on the last voyage of the Canadian Pacific liner Empress of Asia was delivered at New York in record time which still holds, according to an announcement by the Canadian Pacific Railway.

The actual time occupied in transit on the silk by the Empress of Asia from Yokohama to New York was 13 days, 20 hours and 23 minutes.

The liner Silver State holds the best time of the Admiral Line vessels for through shipment. The fastest delivery of silk by the Silver State between Yokohama and New York was 14 days, 2 hours and 8 minutes.

ALABAMA CUTS O. S. K. TIME.

The O. S. K. liner Alabama Maru was 12 days, 12 hours and 35 minutes crossing the Pacific from Yokohama, establishing a new time for Osaka Shosen Kaisha vessels. The best previous record by an O. S. K. ship was 13 days.

Coming Straight at You—

STRONGHEART THE WONDER DOG

Half wolf, half dog—with steel-trap jaws and fire-eyes—a killer when the wolf-call echoes in his ears—a beast of unmeasured devotion when his animal heart, charged with an inborn hate of men, knows the first touch of human kindness bestowed by a girl.

A girl and a dog among men of all breeds out yonder in the hills of thrills

It was life in the raw out there—a life the girl, fresh from the city, could not understand.

She shrank from the men who fought for her. She found ferocity and hate in men and beasts. She, too, found love. Ever guarding her the great wolf-dog—straining between the call of the pack and animal devotion for the girl. Sooner or later the blood-call would win—and then—

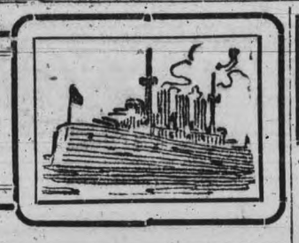
SHIPPING NEWS — FROM DAY TO DAY



AGUINALDO HEADS FILIPINO MISSION ON KEYSTONE STATE

Also Manuel Quezon and Others Are Crossing Pacific on Admiral Liner

The Filipino mission to Washington to urge the cause of independence for the Philippine Islands will be headed by General Aguinaldo it became definitely known to-day following the receipt of cable dispatches to the Admiral Line aboard whose vessel, the S. S. Keystone State, the mission of thirty-six members will travel. The Keystone State leaves Manila April 30 and is due here May 23.

General Aguinaldo is designated honorary president of the mission and as chairman there are Mr. Quezon, president of the Senate and Mr. Osmena, speaker of the House. There will also be two department secretaries, Secretary Kalaw of the Department of the Interior and Secretary Vargas of the Department of Lands. The latter will be secretary of the mission. The remainder of the party will be made up of about seven senators and seven representatives, six technical advisers and the usual number of attaches. In addition to the official party a number of wealthy Filipinos have signified their intention of accompanying the party.

While the official party consists of thirty-six people, there will in all be a party of fifty. In addition to their request for independence the mission will also protest the Woods-Forbes report.

TYNDAREUS COMING ON.

The Blue Funnel liner Tyndareus sailed from Kobe on April 21, and is scheduled to arrive here May 5.

IXION TO SAIL.

Carrying a capacity cargo, the Blue Funnel liner Ixion, Capt. Thomas Price, will sail for the Orient to-morrow. The Ixion is posted to leave Seattle at 2 o'clock to-morrow morning.

NOT LOOKING FOR NOVELTIES.

"Did you get any new ideas from the delegation that called on you?"

"I wasn't exactly looking for new ideas," admitted Senator Sorghum. "What I'm hoping to do just now is to get some of those old ideas that gave pretty good service back into working order."—The Washington Star.

AND ALL WORK ON BALLANTYNE PIER WAS TO BE STOPPED

Thirty-seven cylinders were sunk last month at the Ballantyne pier, which constitutes a record for one month, and already 175 cylinders have been installed, out of a total of 413 to be put in place, says The Vancouver Sun. Work has commenced on the forms for the cement deck of the pier and reinforcing steel is in place ready for pouring concrete. Operations are now being conducted at the extreme easterly end of the pier in 100 feet of water. The longest column to go into the water will be 125 feet. On the two outside berths of this new wharf there will be a depth of 45 feet of water maintained and 35 feet on the inside berths. There are 400 men employed on the works at the present time, and the contractors anticipate that the erection will be well along by August.

MONTREAL FACES LONGSHORE STRIKE AS SEASON OPENS

Dock Workers Refuse to Accept Cut on Last Year's Rates

Montreal, April 24.—After peaceful relations since 1907, prospects are that the shipping season for Montreal will open with a strike of the longshoremen over the question of wages. The syndicated longshoremen of the port of Montreal, declared in a statement that they have definitely decided that they will not accept the rates of 50 cents an hour, which is a 10-cent an hour cut on last year's rates, offered by the Shipping Federation on behalf of all the steamship companies. The season opens this week and the men declare that they will not work.

KINDERDYK HAS SHIPMENT OF RAGS

300 Tons of Material Due for Manufacture of Roofing Paper

Rags to be utilized in the manufacture of roofing felt will be delivered here by the Holland-American freighter Kinderdyk which is expected in port to-day from Europe via San Francisco.

The Kinderdyk has nearly four hundred tons of freight to be landed at Victoria. Three hundred tons is composed of rags consigned to the Sidney Rubber Roofing Company which is bringing in larger shipments of this class of freight for the manufacture of roofing materials. Besides her rag shipment the Dutch ship has ninety tons of general freight for this port, including various parcels of liquor.

The Kinderdyk sailed from San Francisco on Friday and she was not scheduled to touch on the Columbia River this voyage.

After completing the discharge of her freight at the Rithet docks the Kinderdyk will shift to Vancouver.

SEEK PREVENTIVE FOR PITCHING MOVEMENT ON VESSELS AT SEA

Cable advices from London state that the new Canadian Pacific S. S. Montcalm has been placed at the disposal of marine architects who are experimenting with a device to prevent seasickness. Already by means of bilge-keels, tanks and other measures, the rolling motion of steamships has been reduced to a minimum. Now the experts are seeking a preventive of the fore-and-aft pitching movements which are not only the main producers of seasickness, but which cause the engines to race uneconomically when the screw is lifted clear of the water. The experiments will be carried on while the Montcalm is carrying out her regular service between Liverpool and Montreal.

CANCEL EMBARGO ON IMPORTATION OF DOGS

Advices received by the Canadian Pacific Steamships, Ltd., from the Deputy Minister of Agriculture, Ottawa, state that the ministerial order under date April 25, 1919, prohibiting the importation of dogs from Great Britain and Ireland, owing to the existence of rabies, has been cancelled upon receipt of authoritative information that this disease has not existed in those countries for a period of eight months.

NELSON'S FLAGSHIP VICTORY TO REMAIN PERMANENTLY IN DOCK

Scheme to Restore Famous Ship to Trafalgar Condition

The Admiralty has given orders that H.M.S. Victory is to be left permanently in drydock at Portsmouth says the Portsmouth correspondent of The London Times. She was removed from her moorings opposite Gosport Hard some weeks ago and put into No. 2 Dock for the purpose of surveying.

It is understood that, before the final decision was arrived at, the matter was submitted to the King who, after examining the reports of the experts and other doucments relative to the subject, expressed approval of the decision to preserve the ship in drydock. The Victory will still act as flagship of the Commander-in-Chief at Portsmouth, but she will no longer fire salutes nor time guns.

Shortly before he died, the late Marquess of Milford Haven called attention to the condition of the famous old ship. Borings were then made in her hull, and it was found that dry rot was rife in her timbers, the lower deck was buckled, and the general condition of the hull was very bad indeed. As a result, she was moved into drydock, where a thorough survey of her has since been made by experts, whose report has been considered by the Admiralty with the result that the ship is to remain where she is in No. 2 Dock which is the dock nearest to the main entrance to Portsmouth Dockyard.

A steel cradle will be built around her hull and water admitted to the dock so as to provide additional support for the ship.

In the dock where she lies the ship is easily accessible to the public more so, in fact, than at any previous time in her career as a show ship and with the precautions about to be taken to ensure her safety, it is anticipated that the Victory will be preserved for a great many more years to come. With regard to the scheme for restoring her to the condition she was in when Trafalgar was fought, that may be considered later, but nothing in that direction has been decided upon by the Admiralty as yet.

PRESIDENT HARDING WILL VISIT ALASKA

Seattle, April 24. — The visit of President Harding to Alaska this Summer is attracting unusual attention to Uncle's Sam's northern domain, and this is reflected in an unusual heavy demand by tourists for accommodation on ships plying from coast ports to Alaska. To meet the exodus, the Admiral Line is augmenting its service, and on the southeastern route there will be three ships, while on the southwestern there will be two.

The Admiral Evans will be taken from the Portland-California service and will leave Seattle on May 2 for southwestern Alaska points. On arrival at San Francisco to-day, northbound, she will lay over and pick up the Admiral Farragut schedule, leaving San Francisco April 27 for Seattle. In the southwestern Alaskan service she will be operated in conjunction with the Admiral Watson. The three vessels in the southeastern Alaskan service will be the Queen, Spokane and Admiral Rodman.

VESSEL MOVEMENTS

RUTH ARRIVES TO-NIGHT.

The coastwise passenger liner Ruth Alexander is due to reach port at 9 o'clock from San Francisco with a good list of passengers.

WEST HIMROD DUE.

The S. S. West Himrod is due to reach quarantine at 6 o'clock this evening, and after getting pratique will proceed to Vancouver.

RELIEF FOR COLDS IN A SINGLE NIGHT

Approved Home Treatment Which Gives Most Satisfactory Results

Have a box of Grip-Fix in your home these days. It is a safe and reliable treatment for colds which has been thoroughly tried out all over Canada for over ten years, with an established record of giving relief for colds in a single night, and the most satisfactory treatment for grippe known.

Grip-Fix is made in Canada according to a formula which would be approved by your family physician. This formula is printed on every box and no practitioner could object to its ingredients. It comes in capsule form and acts promptly. The initial doses of two capsules every two hours rarely fail to give relief, and single capsule doses finish the work.

The action of the Grip-Fix on the system is natural, and absolutely devoid of injurious results. On sale at all druggists, 35c per box, Vancouver Drug Co., Limited, special agents. (Advt.)

WENATCHEE WILL DOCK TO-MORROW

Admiral Liner Is Making Port From Orient at an Early Hour

Completing her inbound voyage from the Far East, the Admiral Line steamship Wenatchee will reach quarantine at 4 o'clock to-morrow morning, according to wireless advices received to-day by Rithet Consolidated, Ltd., agents of the line. She will dock about 7 o'clock to-morrow morning.

The Wenatchee has 100 saloon passengers and 50 Asiatic steerage, twelve carloads of raw silk, and a good cargo of general freight, as well as mail consignments.

She has 19 first class passengers and 36 steerage for disembarkation here, and will also unload 220 tons of freight here. The Wenatchee is being brought in by Capt. F. R. Nichols, formerly chief officer of the S. S. Bay State, who was appointed to the Wenatchee following the sudden death of Capt. H. C. Thomas at Manila.

Capt. Nichols had just reached Yokohama as master of the Admiral freighter Pomona when he was notified of his appointment to the command of the Wenatchee. He is a very popular officer in the service.

The S. S. Pine Tree State, of the Admiral Line, will sail for the Orient on Saturday next with a good list of passengers and full cargo.

Established 1908
"Advertising Is to Business as Steam Is to Machinery"
TO-MORROW!
TO-MORROW!
TO-MORROW!
And what of to-morrow? Now, if ever, business must remember that in a little while to-day will pass into the living yesterdays, and the things that are done now will assert themselves for good or ill. There is no place for superficiality in the making of policies; experienced ingenuity must be employed on retailing, markets and trade connections; and associates in production, selling and advertising, must be chosen for their proved ability. "Don't wait for the cow to back up and be milked, go after the cow."

Business Chest Measure

Have you ever tried to wear a coat that is several sizes too small? Comfortable—not! If your advertisement expenditure is cut too small for your business chest measure your business will do exactly what you would do in a too-small coat. It will shrink out of sight where no one will notice it. Let your business throw out its chest and see that its clothes (advertisements) are big enough to grow in.

FOR SALE MISCELLANEOUS.

VANCOUVER ISLAND NEWS

CHILDREN'S EVENT HELD AT DUNCAN

(Times Correspondence)

Duncan—The Children's Annual Fancy Dress Dance, held Friday night in the Agricultural Hall, was a very delightful event. The ingenuity shown and the originality of the costumes were tributes to the taste and skill of the mothers. More than two hundred and fifty children attended and took part in the grand march, and there was fully that number of grown ups.

The judges were Mrs. F. B. Pemberton, Mrs. Fitzherbert Bullen and Major Prideaux of Victoria. The arrangements were so well in hand that before nine the tiny tots were judged and sent to supper. Later the older ones marched and were judged, twenty prizes were given.

To the best girl under 8 years:
1. Nancy Hayward, as a Malay girl.
2. Margaret Savage, washing day.
3. Shirley Gooding, a blue butterfly.

To the best boy under 8 years:
1. Andrew Johnston, chicken.
2. Alister Hassell, knave of hearts.
3. John Chapman Davie, Sergt. Buz-Fuzz, K. C.

Best girl 8 to 12 years of age:
1. Joan Paitson rainbow.
2. Barbara Boyd Wallis, cave woman.
3. Dorothy Green, powder puff.

Best boy 8 to 12 years of age:
1. Pat Hunter, son of a Mandarin.
2. Hamish and Dick Mutter, Tweedle-dum and Tweedle-'dee.
3. Jack Sweeney, stone age.

Best girl 12 to 18 years of age:
1. Isabel Sherman, Chinese coolie.
2. Toto Bevan, wedding cake.
3. Mary Davidson, Welsh witch.

Best boy 12 to 18 years:
1. Gordon Drainie, polo player.
2. Ronald Rooms, Mephistopheles.
3. Kenneth Craig, stone age.

Two special prizes were awarded by the judges to Dora Boyd Wallis as a Rose Girl and to Enid Garrard as a Chinese Lady.

In charge of the dance arrangements was the Board of the Duncan Hospital, of which W. H. Elkington is president. The music was by a five-piece men's orchestra conducted by Mr. McDonald and composed of local musicians, some of whom donated their time. This orchestra made its debut at this dance, and received many and hearty encores during the evening.

The Scattered Circle of King's Daughters catered for the supper, with Mrs. Fey at the head of the committee.

G. G. Share added to the brilliancy of the effect by throwing lights on the gay scene.

After expenses are paid the proceeds of over $300 will go to the Duncan Hospital, which with about $200 raised at the flower show this week will help pull their finances a bit out of the hole.

Visitors to the district consider these two annual events, the Spring Flower Show and the Children's Fancy Dress Ball, to be unique in a rural district.

The following were seen at the dance: Maud Kier, sunflower; Margaret Hopkins, butterfly; Kathleen Kennington, wasp; Barbara Phillips-Wolley, primrose; Jean G. Pollock, buttercup; Clyde Malbon, red and black; Kenneth Craig, prehistoric man; Dick Birch, page boy, Edward III.; Hugh, red Indian; Ronald Hopkins, red Indian; Eby Alington, advertisement; Richard Birch, page boy; Pat Mainguy, pirate; Melville Wall, Pierrott; E. A. Burnette, Pierrott; Dick and Hamish Mutter, Tweedle-dee and Tweedle-dum, Richard Blass, Pierrott; Patrick, cowboy; Dick Montgomery, cowboy; Lynn Montgomery, cowboy; Lorne Montgomery, cowboy; L. Roome, Sir Peter Teazle; Alister Hassell, knave of hearts; Aileen Powel, poppy; Doris Powel, wild rose; Jean Duncan, domino; Kathleen Duncan, Persian Lady; Dorothy Duncan, snowdrop; Bertram Kyle, brown rabbit; Dorothy Green, powder puff; Jim Green, Jazz Pierrett; Francis Kirkham, Goblin; Elsie Kirkham, crimson rambler; Gladys Beulah Nelson, sunflower; Ethel Nelson, rosebud; Dorothy Hudson, pop-corn; Cicely Neel, daffodil; Nairne Neel, Pierrette; Winnie Rigby, French housemaid; Rosalind Birch, Algerine dancing girl; E. Boom, night; Maud Kier, sunflower; R. Roome, Mephistopheles; E. Roome, Cowichan Cricket and Sports Club; Gerald Prevost, modern Greek; Allan Prevost, Huckleberry Finn; Julian Moon, clown; Kendrick Findler (Victoria), clown; Fred Woodward, Pierrott; Rupert McDonald, Huckleberry Finn; Albert Colk, Tom Sawyer; Frederick Symons, Hindu; Roland Gombs, gentleman; B. Kennett, pirate; Stewart McKay, "Betty Thatcher"; Henry Potts, clown; Doreen Day, Moorish attendant; Gwen Price, artist; Dodo Price, Chinese lady; Billy Price, Mandarin; George Day, Cowichan Indian dancer; Norman Lomas, cowboy; Gwen Owens, 20th century; Dorothy Calk, ——; Kathleen Moon, powderpuff; Una Fawcett, queen of hearts; Barbara Fawcett, Little Miss Netticoat; Helen Auchinachie, Pierrette; Kate Auchinachie, Spring; Grace Auchinachie, sack of seed potatoes; Dorothy Auchinachie, Dutch girl; Ruby Halpenny, Red Pierrette; Marguerite Halpenny, butterfly; Marie Sondergaard, up-to-date; Joyce Gooding, daffodil; Shirley Gooding, blue butterfly; Esme Mutter, butterfly; Audrey Mutter, rainbow; Joan Mann, snowdrop; Monica Mann, daffodil; W. Sayward News.

(Times Correspondence.)

Sayward, April 20.—The Farmers are all busy with the plough, as the land is in good shape for working. The weather keeps very cool, with light rains.

The Progressives were out in full force to welcome back the delegation which had been away for ten days pressing the needs of this district, in the matter of more settlers and road connection with the southern end of the Island.

The Vancouver City Council turned down Sayward's resolution regarding the extension of the Island Highway into this district, stating that they intended to use their forces for the development of the Mainland. Rather a selfish viewpoint Sayward people feel, but it should result in putting more vim into the business and farming interest on Vancouver Island.

A well attended public meeting was held in the school house on April 13 to here the report of the delegation on their visit to Vancouver and Victoria about development in this district. The residents expressed themselves as being well pleased with the report, but the meeting expressed in very strong terms that "it is action that is needed now not promises." It pledged to continue to press these questions until Sayward got what it had asked for.

A resolution was passed endorsing the action of the Progressive Association in sending out such a strong delegation, also endorsing the claim put forward on behalf of this district. Copies of this resolution were ordered sent to the Governments, and public bodies on the Island, also to all Island members.

A very enjoyable dance was given by Mr. E. Williams on Monday evening at his home, "Annedale ranch," which was well attended.

Several parties have visited this district lately looking over the valley with a view to locating here, but expressed themselves that Sayward was too isolated at the present time.

Mr. and Mrs. J. E. Armishaw announce the engagement of their daughter, Annie, to Mr. George James, of Vancouver. They are to be married on June 1. Mr. James is one of Canada's returned citizens of the late war. The residents of Sayward extend to the happy couple the district's congratuations.

AUTOMOBILE CLUB TO WELCOME VISITORS

Will Meet Visitors on Arrival of Anacortes-Sidney Ferry

Members of the Victoria Automobile Club are requested to drive out to Sidney on Wednesday next, in time to greet the visiting representatives from Washington.

There will likely be more than one hundred make this trip, and it is hoped the members of the club will be there in force to give them a right good welcome.

The first boat will arrive about noon, and the second boat about half an hour later. The visitors are then to be entertained at luncheon at the Empress Hotel at 1.30 o'clock, to which function the membership of the club is particularly requested to attend.

PRAIRIES STILL CRY FOR MORE WORKERS, BUT FEW RESPOND

Saskatchewan is still calling on British Columbia for men, J. D. McNiven, Deputy Minister of Labor, announced to-day.

In response to the call for 1,500 men from here issued at the first of April only 800 have so far been obtained to go. And now Saskatchewan has sent an appeal to this Province for 1,000 more men, bringing the total requirements up to 2,500.

Because of the need of Saskatchewan and the fact that there are many men in B. C. looking for jobs, the Canadian railways have extended to the end of this month the cheap rates obtained recently by the Hon. A. M. Manson, Attorney-General and Minister of Labor, for those going East.

It was explained at the Labor Department that men who take these jobs now will almost certainly be assured steady work there until the beginning of next Winter. Some of them may also have chances while there to make extra money on the side and possibly to take up land or take over present farms and become prosperous grain growers themselves.

Rate of pay this month has been advanced in Saskatchewan from $35 to $40 a month with board and practically everything else found.

The cheap railroad rates which Mr Manson, through his department, has been able to obtain, are $11 from the Coast to either Calgary or Edmonton and a rate of one-half cent a mile beyond that to any place in Saskatchewan. The demand for farm help in Alberta and Manitoba has already been satisfied, it was explained to-day.

The extension of the cheap rate period is due to the fact that snow on the Prairies has delayed seeding and also that unemployed men in Vancouver and Victoria are slow in responding to the Prairies' call for workers, despite the wages, healthy work, opportunities for advancement and special travelling inducements offered.

TO FIX TAX RATE WEEK FROM MONDAY

Twenty-seven Mills on Land and Improvements Is Present Plan

Victoria's tax rate for 1922 will be fixed by the City Council May 1, according to plans drawn up, by finance officials at the City Hall. The annual budget has been practically completed now and the rate can be struck without much further delay City Comptroller J. L. Raymur had not finished to-day the work of adding up the various votes authorized by the Council so that it is impossible yet to calculate what rate will have to be struck to cover the city's expenses this year. Twenty-seven mills on the total land assessment and a similar levy on one-third of the improvement assessment is the rate tentatively fixed by those aldermen who have taken a lead in guiding the city's financial policies and who are determined to tax improvements this year.

The city will not be able to take advantage of Dr. Adam Shortt's investigations as far as this year's financing is concerned, it was explained at the City Hall to-day. The aldermen who are behind the improvement tax movement, however expect Dr. Shortt to support their contention that land should not have to bear almost all the burden of the city's running expenses. Dr. Shortt's report, however, will not be available until the city's financial policies for the year have been decided.

CITY SYMPATHETIC TOWARDS SOLDIERS

Mayor Moved by Pleas of Amputation Association

The civic authorities have nothing but admiration for soldiers who lost limbs in the war and will regard their applications for work with sympathy, Mayor Marchant declared today in reply to a letter from the Amputation Association.

"We are indeed sympathetic towards these men but, so far as I know no opportunity to employ any of their number has occurred yet," the Mayor explained. "As a matter of fact, we have scarcely taken on any clerical workers lately but when we do there is no question but that we will give them the consideration to which they are entitled."

The following is a copy of the letter which has been forwarded to the Mayor by the Amputation Society:

City Hall.

"April 19, 1922.

"Your Worship:

"We desire to bring to your notice the widespread unemployment still existing amongst men who have suffered the loss of limbs in active service, for our Country and Empire. Most of these men have been obliged to endure, in addition to their physical sufferings during the past three years or more since the war, the anxiety resulting from the disheartening prospect for their future livelihood.

"It is the earnest desire of our Association to see the present conditions remedied and we are prepared to do anything in our power to find employment for our fellow members. We feel, however, that a better effort could and should be made in this matter by the City.

"We find to date that those amputations who are employed are giving entire satisfaction. It is a fact that a man who has suffered the loss of an arm or leg can and does make up for his handicap by giving of his best that which remains of him.

"To our knowledge, not one amputation is employed by this City, although one of the largest employers of labor. There are many positions in the City's gift which are suitable for amputations, and it is respectfully but urgently requested that one or two amputations be given employment, thereby helping men so disabled to re-establish themselves. It is only through the help of those who are in a position to aid us can our object be accomplished.

"Trusting for your co-operation and help on behalf of those who have suffered and sacrificed so much,

"I have the honor to be

"Your obedient servant,

"ALEX M. HORN.

"Secretary-Treasurer."

B. C. GOVERNMENT-AIDED INDUSTRIES EMPLOY 900; TRADE TREND NOW UPWARDS

(Continued from page 1.)

during 1921. The fishing industry was consequently hard hit, but there is reason for more optimism for future prospects, in that towards the end of 1921 a great proportion of the surplus fish-pack had been disposed of and the outlook for 1922 in the fishing industry promises much more activity than in the past year.

"The improvement in fishing, mining, lumbering, pulp and paper and other industries is not yet sufficiently pronounced to affect weak and struggling industries, but the improvement is steadily taking place, and should be sufficient towards the middle of the year to produce much better conditions."

Copper Rod Mill Established.

Among the outstanding enlargements of the industrial horizon of British Columbia that augurs well for the future referred to by the department is the installing of the copper-rod mill at Trail by the Consolidated Mining & Smelting Co., at a cost of $250,000. This is the first effort to further manufacture copper products in British Columbia, although the copper production of the Province has for years ranged high in the total of the Dominion.

"The ultimate results of this should be almost as far-reaching in the copper industries as the establishment of a steel-rolling mill would be in the steel industry," Major Martyn says.

"Wire and nail works could at any time commence manufacture of copper wire for local or export use. Further development in this line should produce immediate results, and make it possible for companies manufacturing electrical equipment in British Columbia to compete and sell their products in the world markets. It is comparatively easy and inexpensive matter for electrical firms to put in the necessary insulating equipment for handling wire in the manufacture of electrical appliances.

"The commendable enterprise and confidence shown by the Consolidated should be a source of inspiration to other manufacturers to grasp the importance of this local source of supply that will enable them to go far afield with British Columbia electrical and copper products."

Tire Works Progressing.

Another industry is the Gregory Tire & Rubber Co., Ltd., which has spent $500,000 on the first unit of its plant at Port Coquitlam on an industrial site of eleven acres. This company is now producing 125 tires and 200 tubs a day, and by the middle of the year will double its output. It is employing 100 workmen. It is now starting to make cord tires. This is the only tire and rubber company West of the Great Lakes in which area $2,000,000 a year is expended on tires and tubes. Establishment of this factory in British Columbia has been based on the fact that the raw materials to a great extent enter Canada at Western points, and have been going all the way East as raw material and returning as manufactured goods. Manufacture on the coast eliminates the double haul. The company finds that electrical power rates here are lower than in most parts of Canada, and climatic conditions make for greater labor efficiency by almost 20 per cent.

Magnesite Opportunities.

As for the possibilities of the magnesite industry, the department points out that the only deposits of hydro-magnesite in the world possession commercial possibilities exist in British Columbia, and the year 1921 saw the first developments in the treatment of this material in British Columbia. The main deposits are in the Cariboo along the P. G. E. Railway. The material is used for magnesium salts and for flooring and exterior stucco finish on houses. It is three to five times stronger than Portland cement, and much lighter, and does not expand or contract when set. It makes a magnificent imitation marble. Credit for inventing the furnace for treating the ray material without the loss incurred in the old methods is given to Charles E. Oliver, chemical engineer, son of Premier Oliver. The furnace is now operating on Granville Island, Vancouver.

Sandpaper Factory Here.

To cut in on the market for $500,000 of sandpaper which is imported into Canada every year, the Western Abrasive Paper Co., Ltd., with J. L. Near at its head has commenced operations in Victoria. The company is using as abrasive material a hard crystalline quartz from the Prince Rupert district, which has proven to be of the hardest quality. The market in B. C. alone for this material is $75,000 a year.

B. C. Potato Flour.

On the waterfront at New Westminster the Dominion Starch and Dextrine Co., Ltd., is now manufacturing starch and potato flour. This is declared to be of special interest to the farmers of the Fraser Valley, producing potatoes. Potato flour is fast becoming a staple food in Canada. Up until now the chief producer has been Germany. This plant is now using 15 tons of potatoes a day and has paid up to $12 a ton for culled potatoes to the Fraser Valley farmers, thus giving them a chance to dispose of hitherto waste product.

Another company worthy of mention because of its initiative is the T. H. Water Co., Ltd., of Nelson, which is manufacturing Spring clothes pins from B. C. birch and alder.

Chance for Glass Works.

Among the industries which should now be started in B. C., Major Martyn mentions glass and bottle making. Glass sand might have to be imported from Ottawa, Illinois or Monterey, Cal., but there is much quartz in this Province almost 100 per cent. pure silica suitable for the highest grade bottles which can be delivered at factories in Vancouver, Victoria or New Westminster at $9 a ton. There are extensive deposits of soda ash at Chasm on the P. G. E. and any quantity of Limestone. To equip a plant and start operations would require a capital of $100,000, but there is sufficient demand, the department points out, in B. C. soda-water and beer bottles to take care of the output of a one-unit plant. After investigating the bottle plants at San Francisco and Anacortes, Wash., Major Martyn says, "there is a reasonable prospect of success for this industry with an adequate return for capital invested; the establishment of glass manufacturing here would assist a large number of smaller enterprises requiring glass containers."

Other Industry Chances.

Other industries for which Major Martyn finds there is a field here include, paper-bag making, as B. C. now produces large quantities of paper and alone uses 6,000,000 paper bags a month and the Prairie Provinces six to eight carloads a month; the crushing of copra for the production of cocoanut-oil, stearine, oil-cake, meal and fertilizer, from raw material brought from the South Sea Islands; manufacture of industrial alcohol from waste molasses from sugar refineries and sulphite liquor now thrown away from pulp and paper mills; and development of shark fishing now that the market for leather is advancing and shark leather gaining a vogue for sports shoes and other goods.

Swiss Taffeta Silk Frocks, Smart Styles. Price, $18.50

Gordons Limited
739 Yates Street Phone 5510

Canton Crepe Frocks In Pleasing Styles Price, $25.00

Continuing the Overstock Sale of Women's Ready-to-Wear

Why should this sale take place at the start of the season? Because, owing to the lateness of the season our stock of women's ready-to-wear is too large, hence these exceptional bargains. These garments at their regular prices represented excellent values.

Stylish Spring Suits

Regular $39.50 to $69.50 . . $35.00

All are this season's models, made of fine quality navy wool serge, tricotine and tweeds, in novelty styles, featuring semi-belted and box coat effects, smartly embroidered and braid trimmed; all favored colors are represented; sizes 16, 18, 36 to 40. Regular values $39.50 to $69.50, reduced to $35.00

Afternoon Dresses

Regular $35.00 to $49.50 . . $29.75

These Dresses are up to our usual standard of quality and style, but are very much underpriced. They are designed from excellent quality Canton crepe in shades of brown, navy and black; many charming styles, beautifully embroidered and braided; sizes 16, 18, 36 to 42. Regular $35.00 to $49.50. reduced to $29.75

Smart Spring Coats, $13.50

For misses and 12 and 14-year sizes. Made of popular colored homespuns with contrasting collar and wide cuffs. Unusual values at $13.50

Practical Spring Coats

Regular $25.00 to $35.00 . . $19.95

A most uncommon collection of Coats in sport and full-length styles, featuring raglan or set-in sleeves and novelty pockets; some are belted; they are made from polo cloth, chinchilla cloth and homespun, in a splendid range of colors; sizes 16, 18, 36 to 40. Reg. $25.00 to $35.00 for $19.95

Snappy Sport Coats, $15.00

Developed from polo cloth in a variety of wanted shades, made in belted style with raglan sleeves and patch pockets; sizes 16, 18, 36 and 38. Price $15.00

Smart Spring Coats

Regular $37.50 to $62.50 . . $29.95

This affords you an opportunity to purchase a high-grade Spring Coat at an exceptionally low price. They are made from chinchilla cloth and tweed in fawn, brown, grey, paddy and scarlet; sport models and full-length styles; some are lined throughout, others are shoulder lined; sizes 16, 18, 36 to 40. Regular $37.50 to $62.50 for $29.95

Novelty Sport Skirts

Regular $16.50 to $25.00 . . $12.95

Here's a big saving to be effected on Women's Novelty Sport Skirts developed from homespun and wool skirtings, in plaids and checks, in a big range of combination colors; smart styles finished with fringe; sizes 25 to 29. Regular values $16.50 to $25.00, reduced to $12.95

Ask the Way
to prettier teeth—you are welcome to it

A new-day method is bringing millions whiter, cleaner, safer teeth.

It is used by your friends, your neighbors. It is advised by dentists, urged by modern authorities. Glistening teeth seen everywhere now show the benefits it brings.

This is to offer a ten-day test to reveal its results to you.

It combats the film

Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. The ordinary tooth paste does not effectively combat it. So much is left. It is also the basis of tartar.

Film absorbs stains, making the teeth look cloudy or discolored. It holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay.

Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. That is why so few escape tooth troubles, despite the daily brushing. They fail to end the film.

New methods found

Dental science has now found two ways to fight that film. Able authorities have proved their efficiency. Now careful people employ them nearly all the world over, largely by dental advice.

A new-type tooth paste has been created, to comply with modern requirements. The name is Pepsodent. Those two film combatants are embodied in it for daily application.

Two other essentials

Two other effects are essential, as proved by modern research.

The saliva contains two great tooth-protecting agents. One is a starch digestant, one is alkalis. One is to digest the starch deposits which cling to teeth and gum them. Often they ferment and form acids. The alkalis are to neutralize mouth acids—the cause of tooth decay.

Pepsodent stimulates those factors. It multiplies the starch digestant, multiplies the alkalis. Thus every use gives those natural powers a manifold effect.

Watch the film go

Note how clean the teeth feel after using Pepsodent. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. The after-effects are refreshing, and the mouth is left in alkaline condition.

These are facts you should know at once. Write us today for the 10-Day Tube. Cut out the coupon now.

MONTHLY MEETING OF AUTOMOBILE CLUB TO BE HELD FRIDAY

The monthly meeting of the Victoria Automobile Club will be held in room 214 Pemberton Building on Friday evening, April 28, at 8.30 o'clock. There will be a number of important matters for discussion, included in which will be the club's part in the coming convention of the Canadian Good Roads Association, and the provision of a camping park for motorists in Victoria. Sites have been inspected by the committee entrusted with this undertaking, and a report will be presented. With the inauguration of the Sidney-Anacortes Ferry there will doubtless be a much increased number of motorists visiting the city this Summer, and it is essential that a suitable camping site be provided for those who wish to use it. It is hoped that there will be a large attendance at this meeting.

ANNUAL MEETING OF RIFLE ASSOCIATION

Progress Satisfactory; Officers Are Elected

At the annual meeting of the Fifth Regiment C. G. A. Rifle Association Lieut.-Colonel F. A. Robertson D.S.O., O.C., presided. The activities of the past year and the progress of the organization were reported on. Arrangements were made for the coming season's shooting programme it being decided to use the Clover Point Rifle range on Saturdays and the miniature rifle shoot at the Armoury on Tuesday nights. Major Fred Richardson will be in charge of the Tuesday night fixture.

The following officers were elected for the ensuing year:

Patrons, Lieutenant-Governor. W C Nichol, Mayor Marchant and Brig.-Gen. Ross. G.O.C. Military District No. 11; honorary presidents, General Sir Arthur Currie, G.C.M.G., K.C.B.; Lieut.-Col. F. B. Gregory, Mr. James Thomson and Mr. C. F. Todd; president, Lieut.-Col. Robertson, D.S.O.; vice-president, Major M. Kirkpatrick-Crockett; secetary-treasurer, Sergt C. H. Llewellyn; executive, Major Lettice, Major F. Richarson, Capt. H. L. Robinson, Lieut. de Carteret, Lieut. A. Maclean, Lieut. J. Caven, R. S. M. Frank Hatcher, Sergt. Stuckey, Major G. G. Aitken, M.C., W. Duncan, Gunner H. Leigh and Private W. T. McGibbon, C.O.C.

HAD BAD COUGH AND SORE THROAT

Never neglect a cough or cold however slight. If you do it can have but one result; it leaves the throat or lungs, or both, affected. A single dose of

DR. WOOD'S NORWAY PINE SYRUP

will help to stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs the healing virtues of the Norway pine tree along with the soothing and expectorant properties of other excellent herbs, roots and barks promptly eradicates the bad effects, and the persistent use cannot but help to bring about relief.

Mr. Albert Marsh, Lower L'Ardoise, N. S., writes:—"About a year ago I contracted a cold accompanied by a very bad cough and sore throat. I sent for the doctor, but what he prescribed did me so little good I began to get discouraged. A friend came to see me and asked me if I had ever used Dr. Wood's Norway Pine Syrup. I told him I had not and sent him right away to get me a bottle, I started using it, and after a couple of days I found I was getting relief, and after taking two bottles the soreness in my throat seemed to be leaving me, so I resolved to continue its use, and after I had used five bottles both my sore throat and cough were gone. I would not be without Dr. Wood's for any money."

Price, 35c. and 60c. a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont. (Advt.)

FIFTH REGIMENT RIFLE SHOOT

The usual weekly shoot of the 5th Regiment took place on Saturday at Clover Point. The weather was clear but a very strong wind made the shooting very difficult. The scores under the circumstances were satisfactory and maintained the promise shown in the opening shoot.

The following were the scores:

Major Richardson was high man with a score of 90.

	200	500	600	Tl
Major F. Richardson	20	29	31	90
Capt. H. L. Robinson	31	29	26	86
Sgt. Llewellyn	28	30	27	85
Lieut. A. Maclean	29	31	17	77
C.S.M. Bowden	21	26	28	75
Gnr. G. Lee	26	26	22	74
Mr. A. M. T. Spittall	24	23	21	68
Tmptr. Boulden	28	32	14	74
Gnr. Cartwright	29	25	14	68
Bgr. Tait	24	23	19	66
Gnr. R. Diespecker	11	22	18	51
Gnr. Phillips	16	15	8	39
Tmptr. Reynolds	19	13	4	36
Gnr. Gilbert	12	14	2	28
Gnr. Feldon	17	5	4	26

SHIFTING THE RESPONSIBILITY

Another sign that the modern men are improving is that some now blame the banks instead of their wives.—The Galveston News.
